MARCH APRIL MAY JUNE!

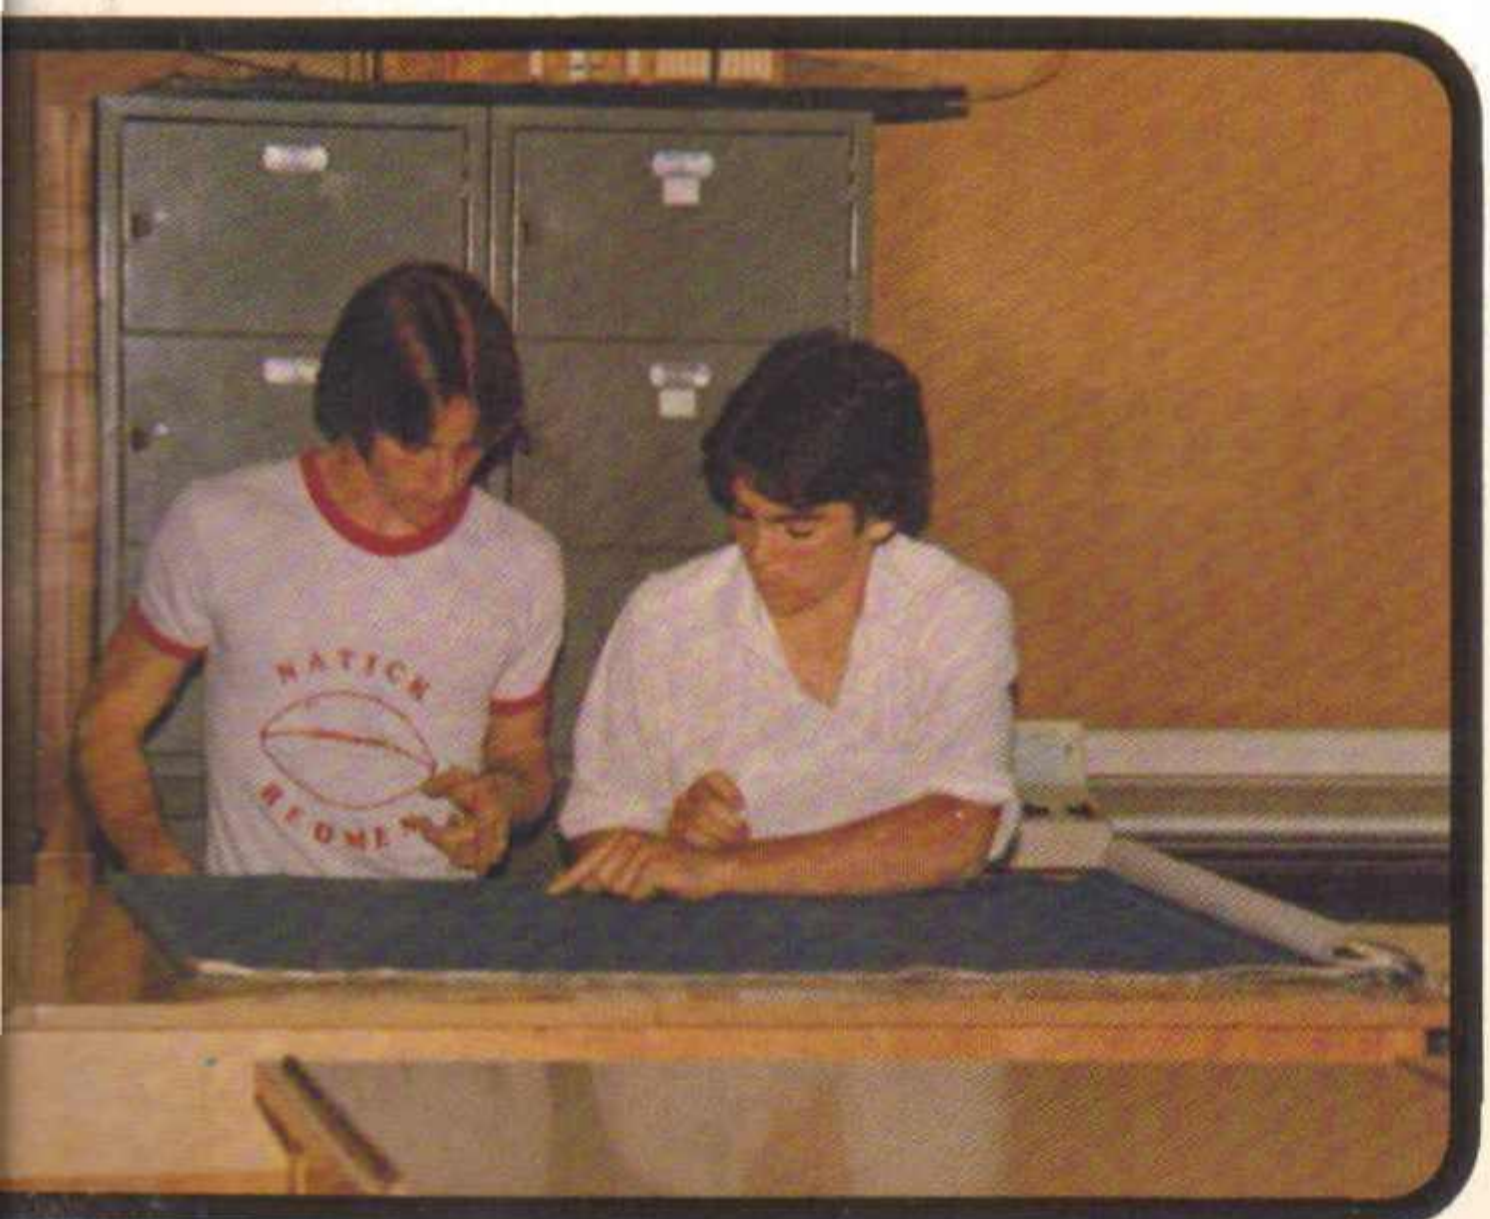

Passages are the shadowed hallways of memory. It seems we remember only those parts of the hallway where a shimmer of light eases our path to a point of understanding. All else is misted by the passing of time. Shaded lights, which went unnoticed, we now realize were the influences that have formed the foundation of our lives, set our morals, taught us love, and have given us reason for continuing the journey . . .

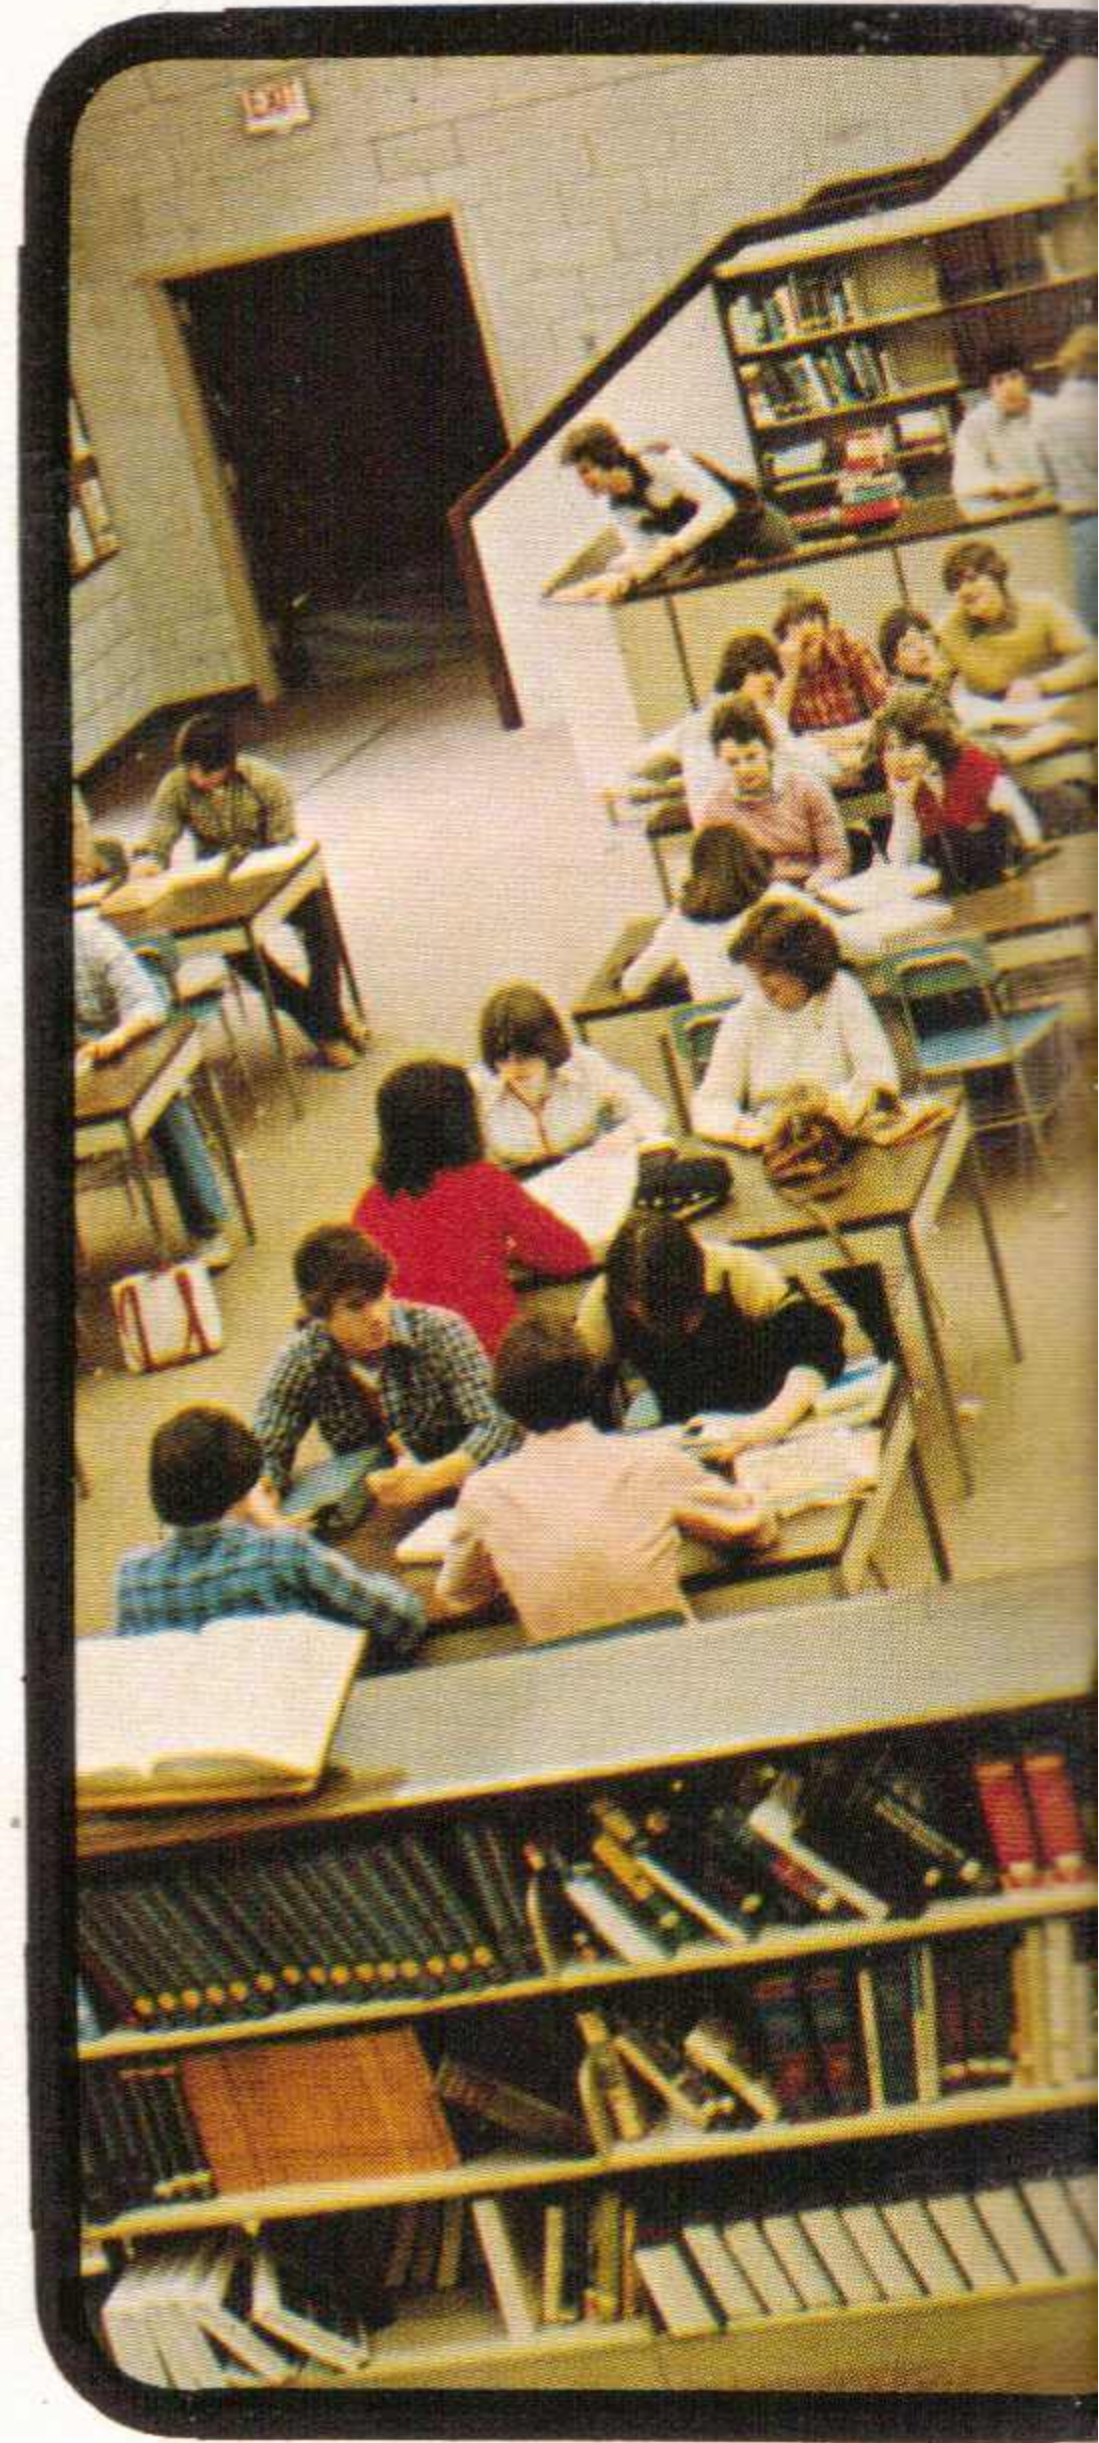

Transitions, from times of wondering, to times of finding out, learning life is an everchanging array of people, problems, and feelings. The wonder of how to survive in a world we've not yet touched, learning to voice our own thoughts and beliefs, from the kaleidoscope of morals we've encountered. We ponder on old friendships surviving and new ones emerging to strengthen the love we feel. We laugh together, cry together, wondering if we will ever again join together. We have struggled to learn what for many may be the hardest lesson of all: leaving the past . . .

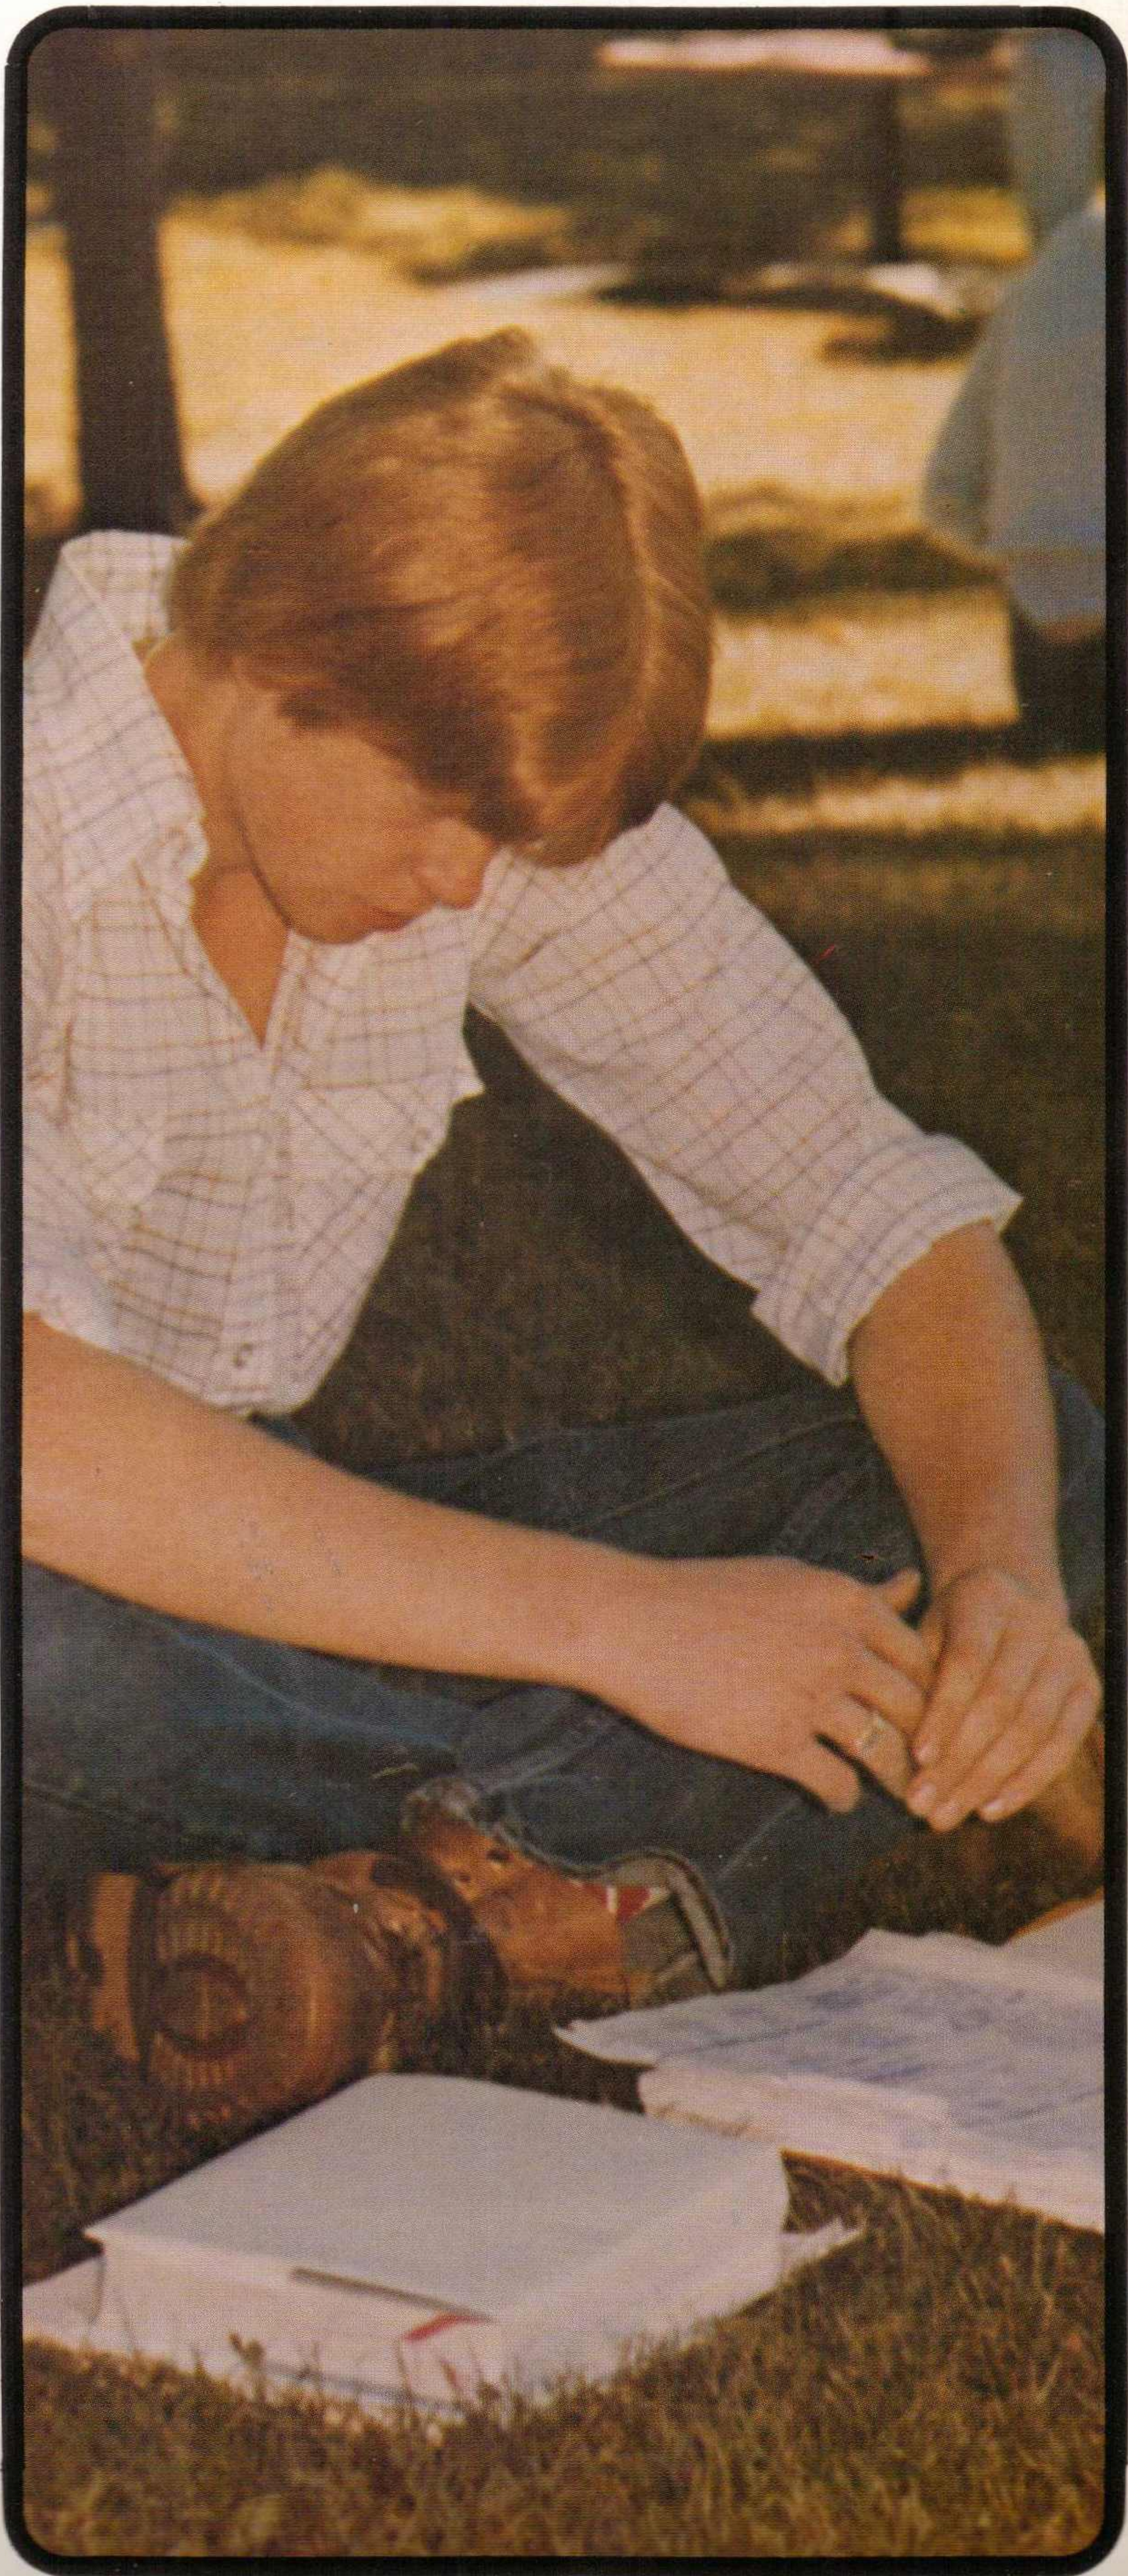

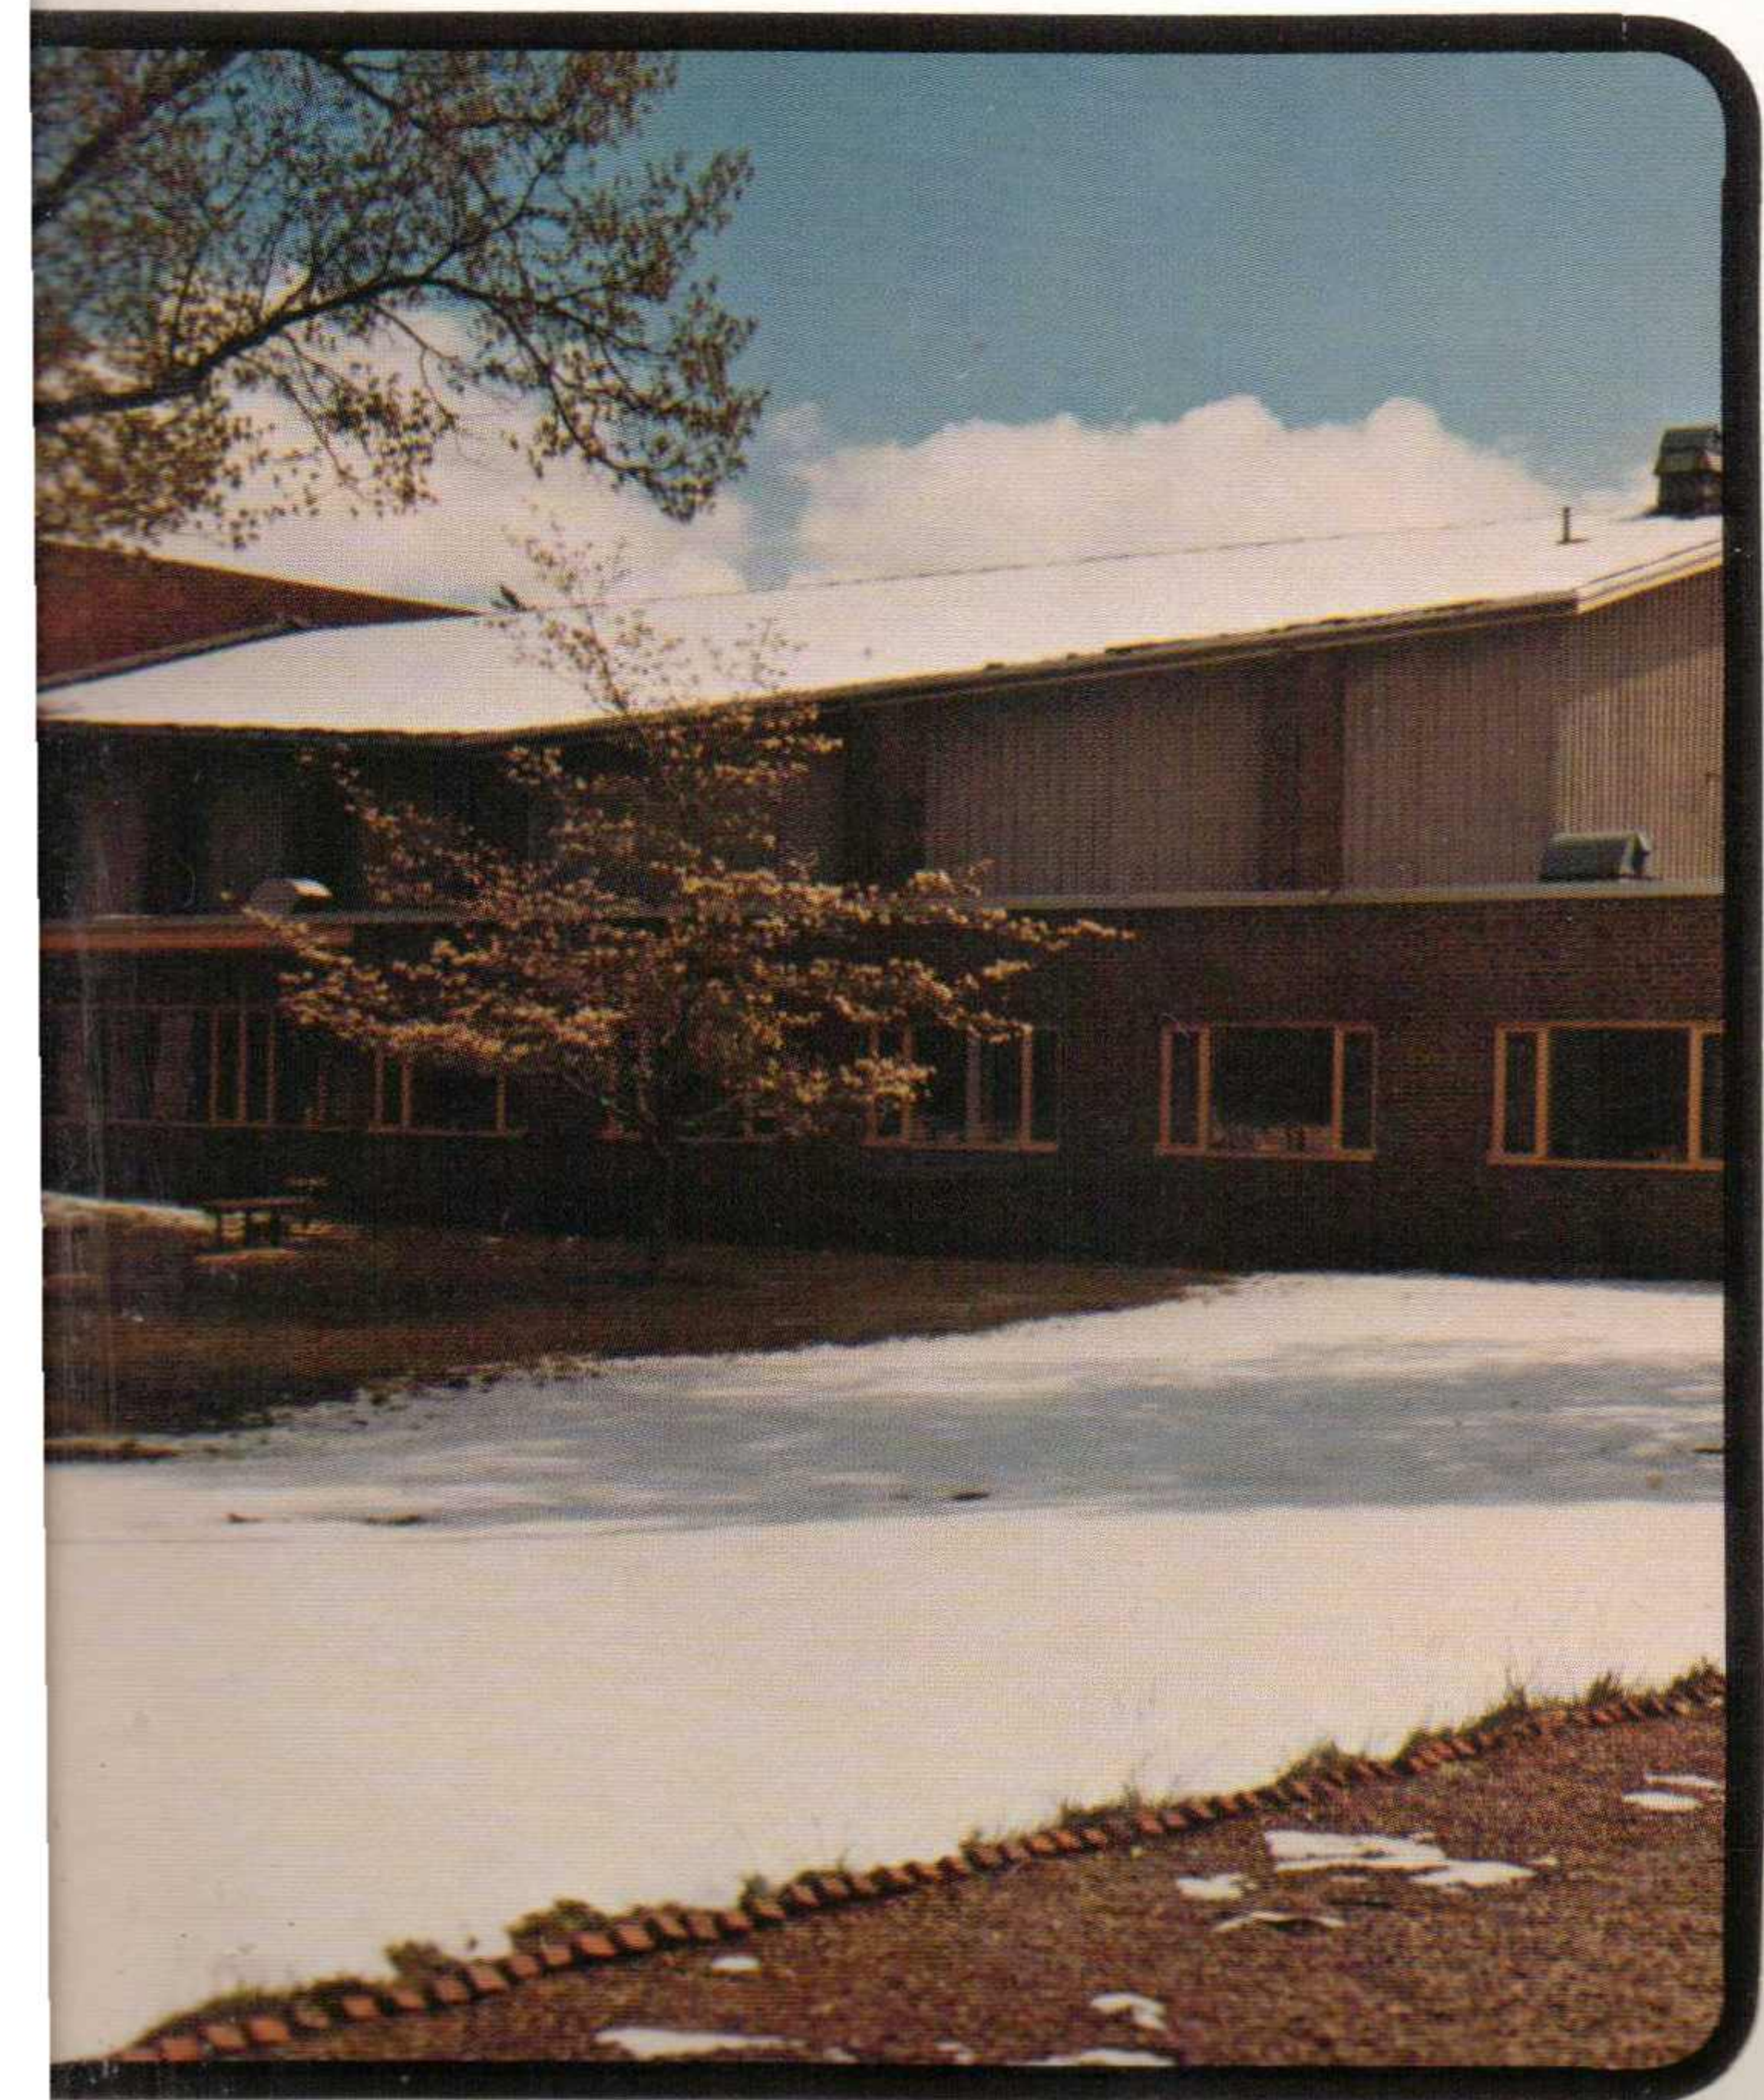

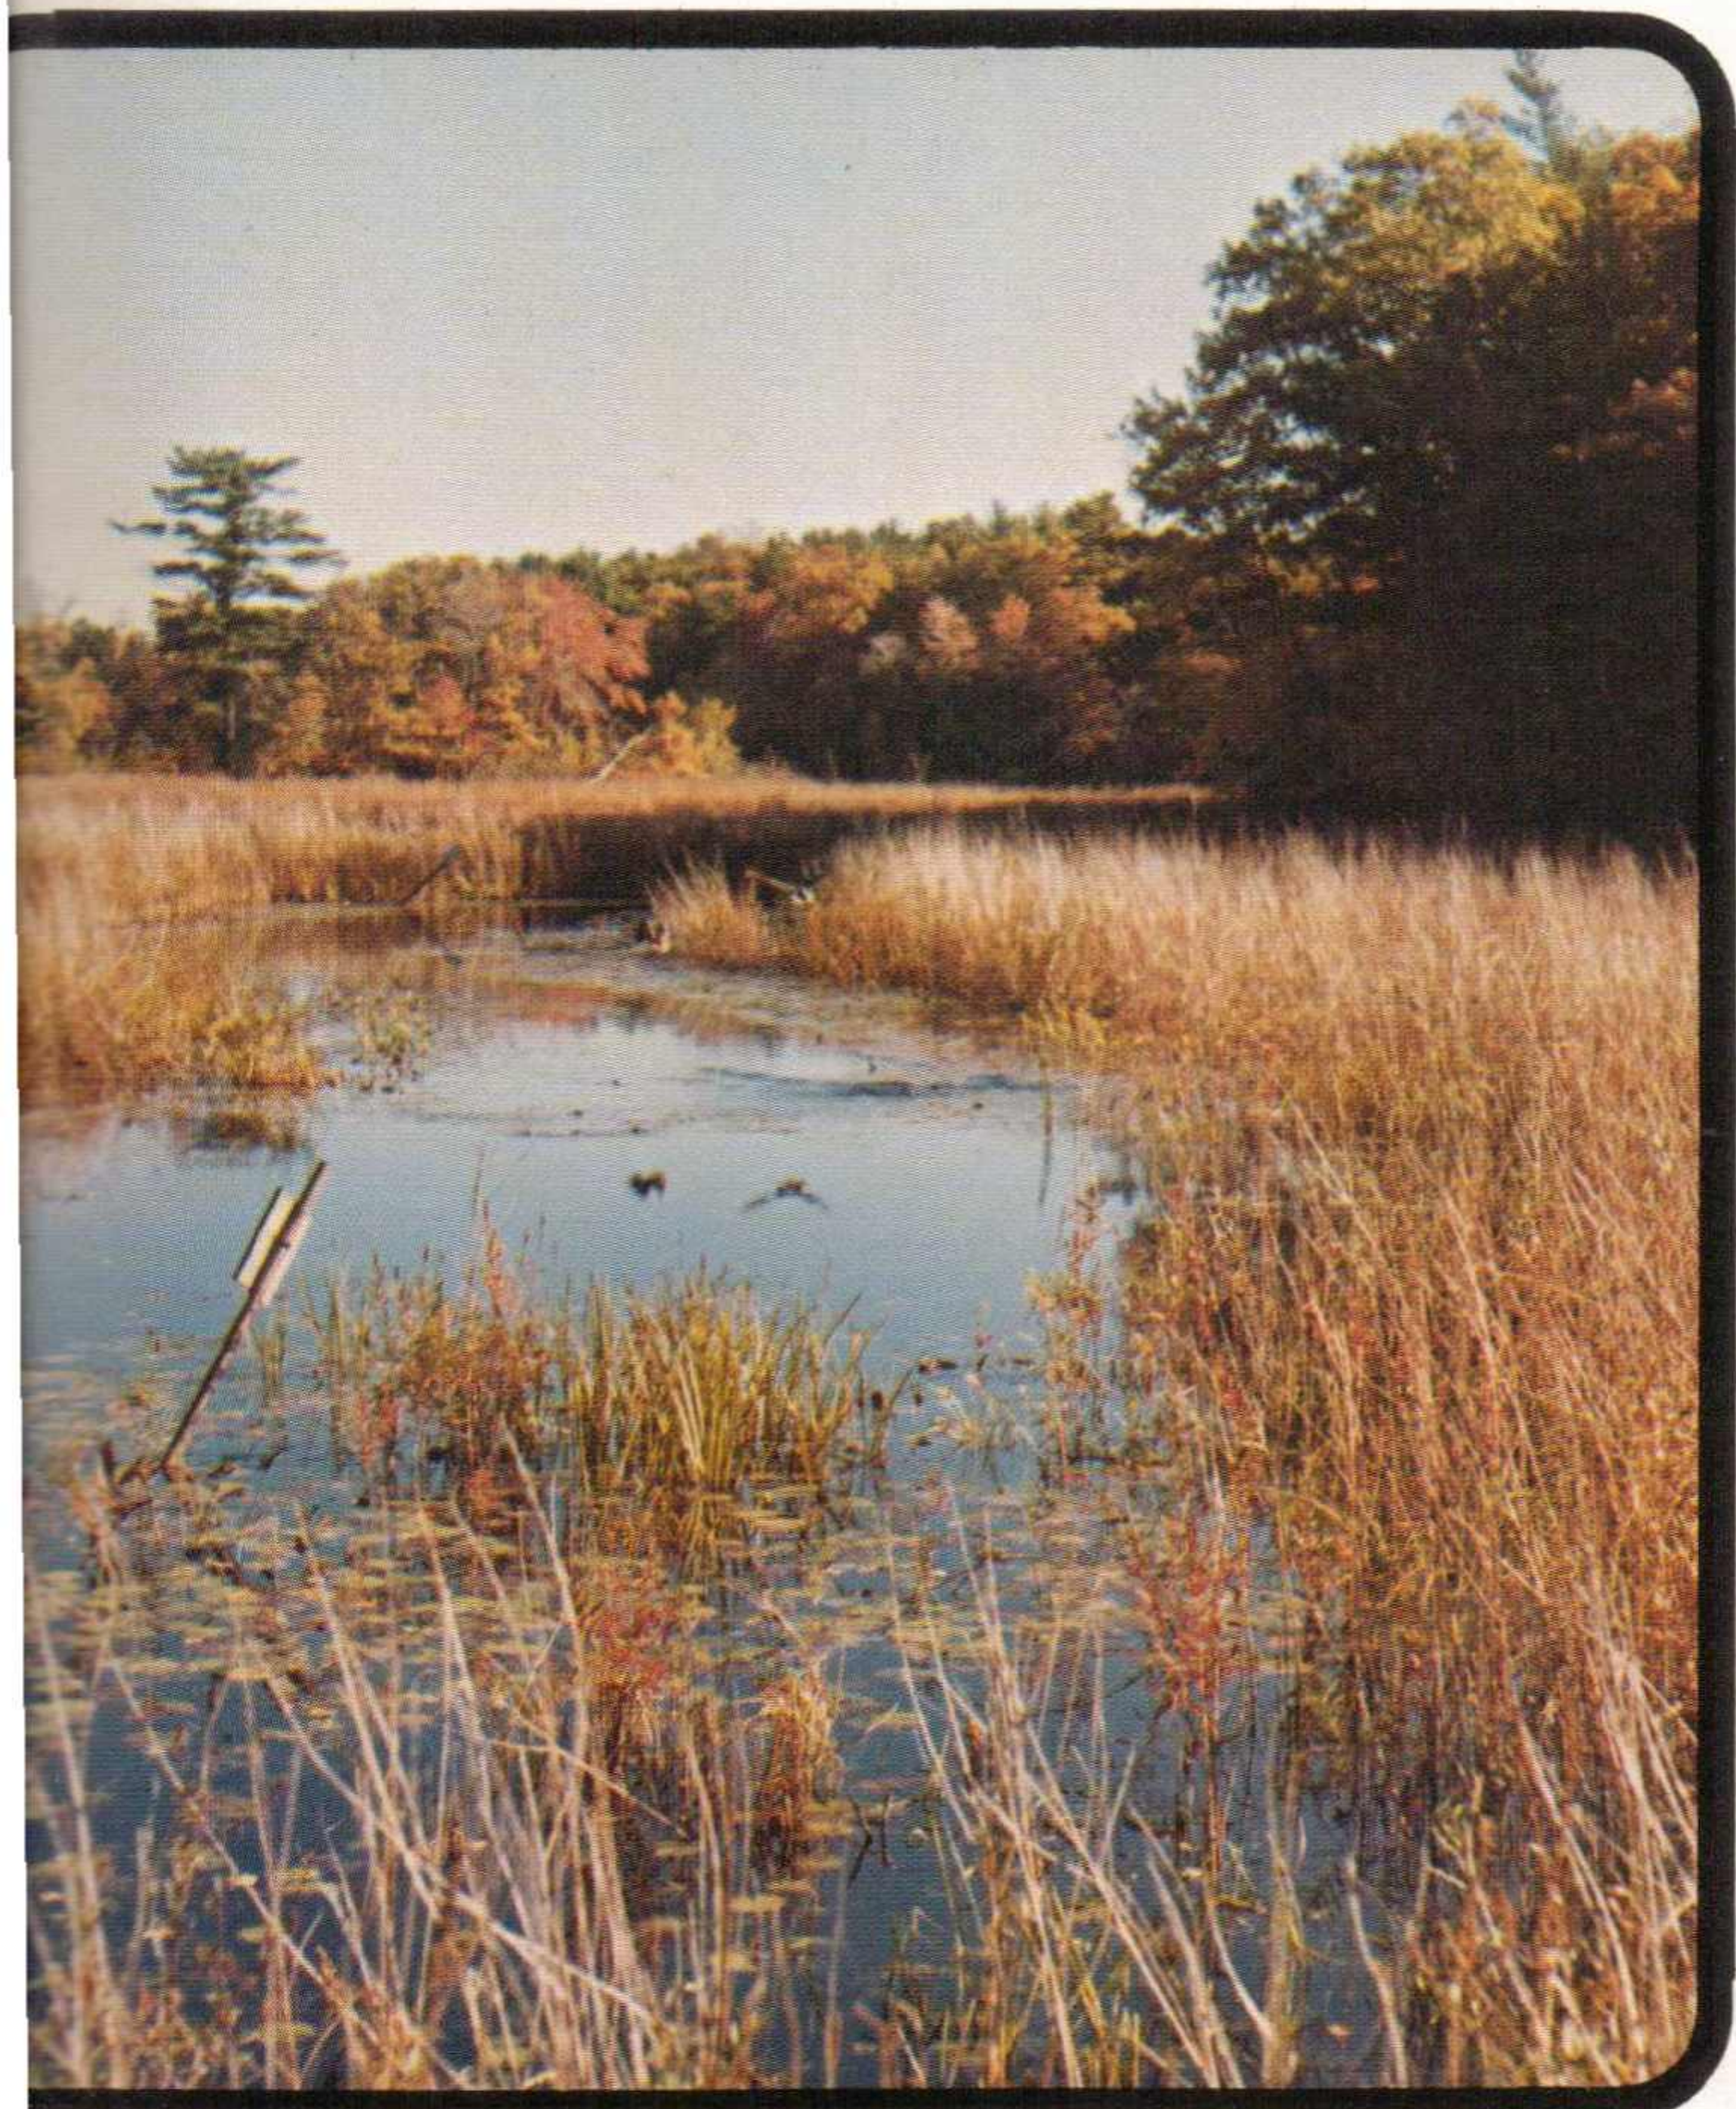

Channels of many directions open up to us; we are no longer fragile seeds carried by trackless winds, but have roots with which to grasp the soil, and leaves to reach for the sun. Soon we can unfold our petals to show the world what we have done. We have already made the decisions that will determine whom we shall meet, and what we shall see. We have but now to take another step towards our goal of responsibility, self-reliance, and independence.

# A DEDICATION

Peace, brotherhood, and love are characteristics that can only lead to the preservation of mankind. They represent the values that we strive for daily. This is the essence of life — for all people to realize that we must work together in order to grow, to develop, to mature, and to learn.

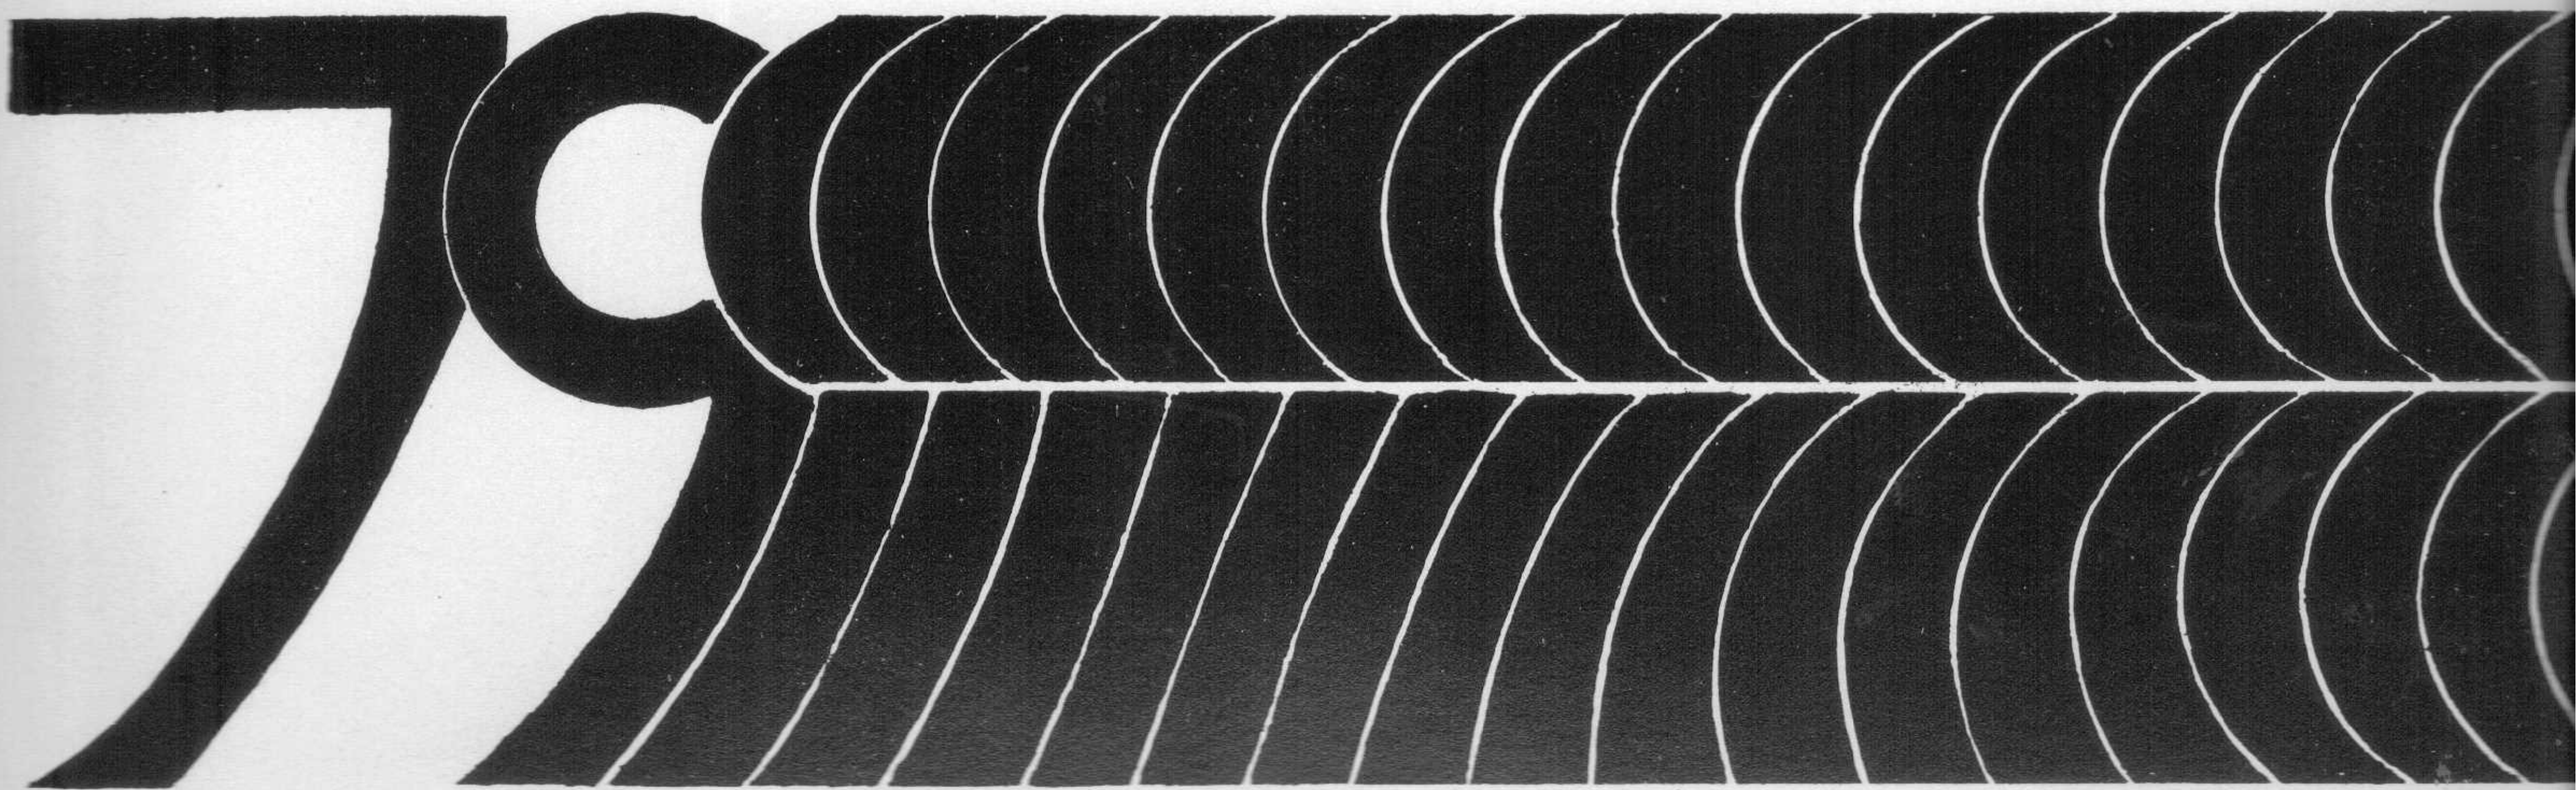

ALL MEN must unite and toil together so that we can conquer many things: Fatal disease and hunger, bitter national confrontation and senseless war, insufficient means of energy and misuse of nuclear power, dwindling natural resources and chemical pollution, increasing inflation and consumer problems. When all men conciliate in an atmosphere of cooperation, fellowship, and harmony, then these obstacles can be overcome; therefore, we the graduating class of 1980 dedicate our yearbook to the goals of peace, brotherhood, and love for all mankind.

The main office at Natick High is the heart of the school operation. Its busy switchboard serves the entire school system. The receptionist and secretaries act as a liaison between students, staff, parents, the general public, and the administrators. Records are compiled and maintained here. Each school day brings a variety of routine duties, and seasonal activity such as preparation for graduation. This year, thanks to the Industrial Arts Department, music has been piped in which adds to the pleasant atmosphere.

# GUIDANCE

The Guidance Department grew this year, incorporating the Expanding Vocational Awareness Project. Occupational Guidance, also known as the "Human side of work", is the course offered by the project staff to high school juniors and seniors. The project is directed by Elaine Fersh and staffed by Elizabeth Obberfield, Edward Beecher, and Jane Kelly.

With the M.O.I.S. computer, career conferences, college conferences, and various other sources available to students in the Guidance office, Natick High students have an extremely competent department looking after their futures. A heartfelt thank-you goes to all the counselors and secretaries of this vital and dedicated department.

# METCO & WALK-IN

The Walk-in Center is an informal crisis counseling center serving Natick High's students. They are concerned with the potential and the well being of each member of the Natick High School Community. The Walk-in Center provides many services to minimize the fears, tensions and sense of isolation that often exists between people.

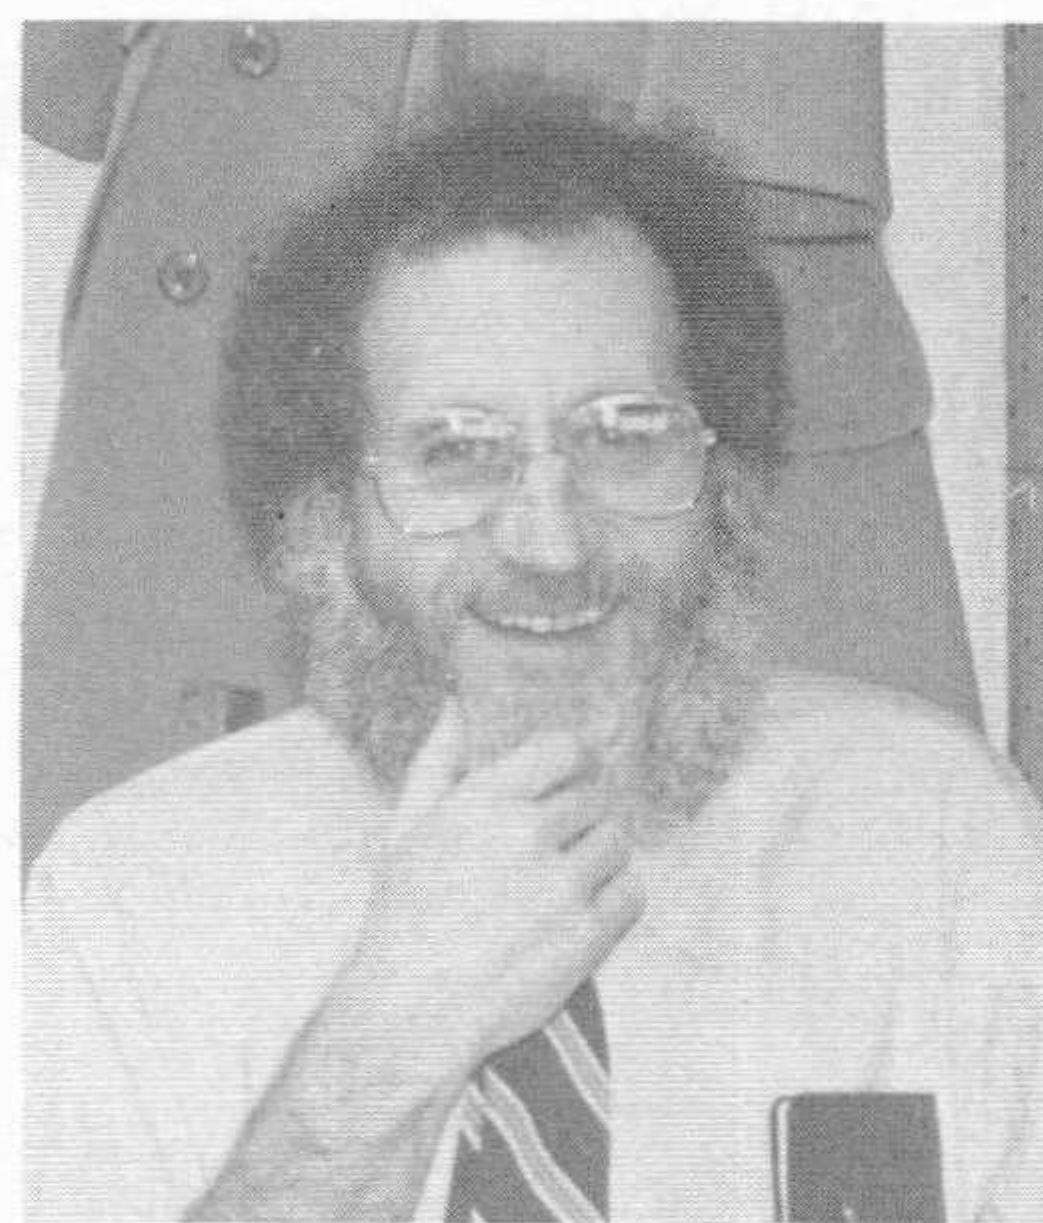

The Metco Program at Natick High School allows students from the city schools to come to Natick High and learn from this school's academic program. The students who participate in these program make many sacrifices to come here and the program is very popular.

Aw, What's the matter Steve?

Natick High's IMC, more affectionately known as our library is a very well stocked collection of knowledge. Whether it be a book report, research paper, or just a good book to read, the library is sure to satisfy every need.

Within the library itself is the media center. The media department provides students with the chance to learn about film production and direction through its Media Tech. courses.

# BASIC EDUCATION

The Special Needs Department at Natick High is a professional team trained to evaluate and provide a variety of services to students with special needs. Since 1974, when chapter 766 became a Massachusetts law, towns and local school committees have been responsible for providing a free, appropriate education for all students, regardless of handicaps.

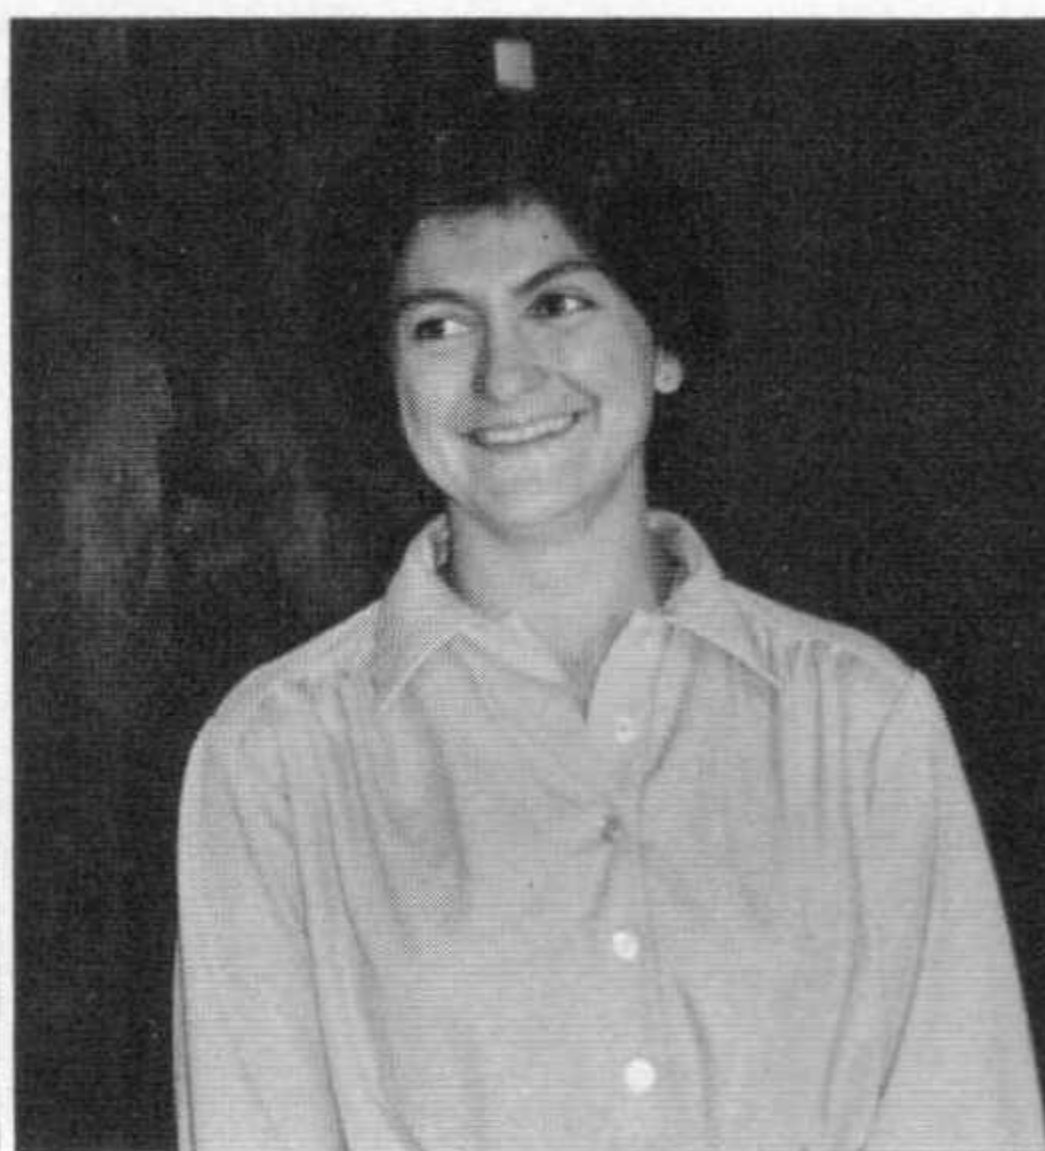

The Special Needs team at Natick High staffs two special classes, three Resource Rooms, an alternative program and Work Study. In addition, they conduct evaluations and provide support services such as counseling, testing and language therapy. Since the aim of special education is to keep students in the mainstream of the school as much as possible, three aides are assigned to work with regular classroom teachers to help them accommodate special learners in their classes.

Every student who graduates from Natick High must at some time pass through the English Department. With many courses to choose from including mythology, journalism and basic english, there is something to capture everyone's attention.

Many of the English teachers are involved in activities besides English. Mr. Holbrook is the Sassamon News Magazine Publisher, Ms. Dodge is advisor to the Student Council, and Mrs. Simms advises National Honor Society. Two new teachers were welcome to the English Department Staff, Mrs. Goldman and Mrs. Stipe.

For the second year Advanced Placement English was offered to seniors. AP, as it is more commonly known, is a freshman college course designed to give students college credit.

This organized and essential department touches every student in the schoolin preperation for the future. Thanks for a job well done!

Congratulations to the class of 1980. All of us hope we have helped to make your years at NHS memorable. In addition to the course offerings, we hope you will remember and have learned from the guest speakers, field trips to the courts, prisons, hospitals and museums. We enjoyed being able to sponsor the participation in the Mock U.N. with neighboring TEC towns.

Each year the department sponsors and supervises your participation in Student Government Day, class elections, Student Council elections and political affairs.

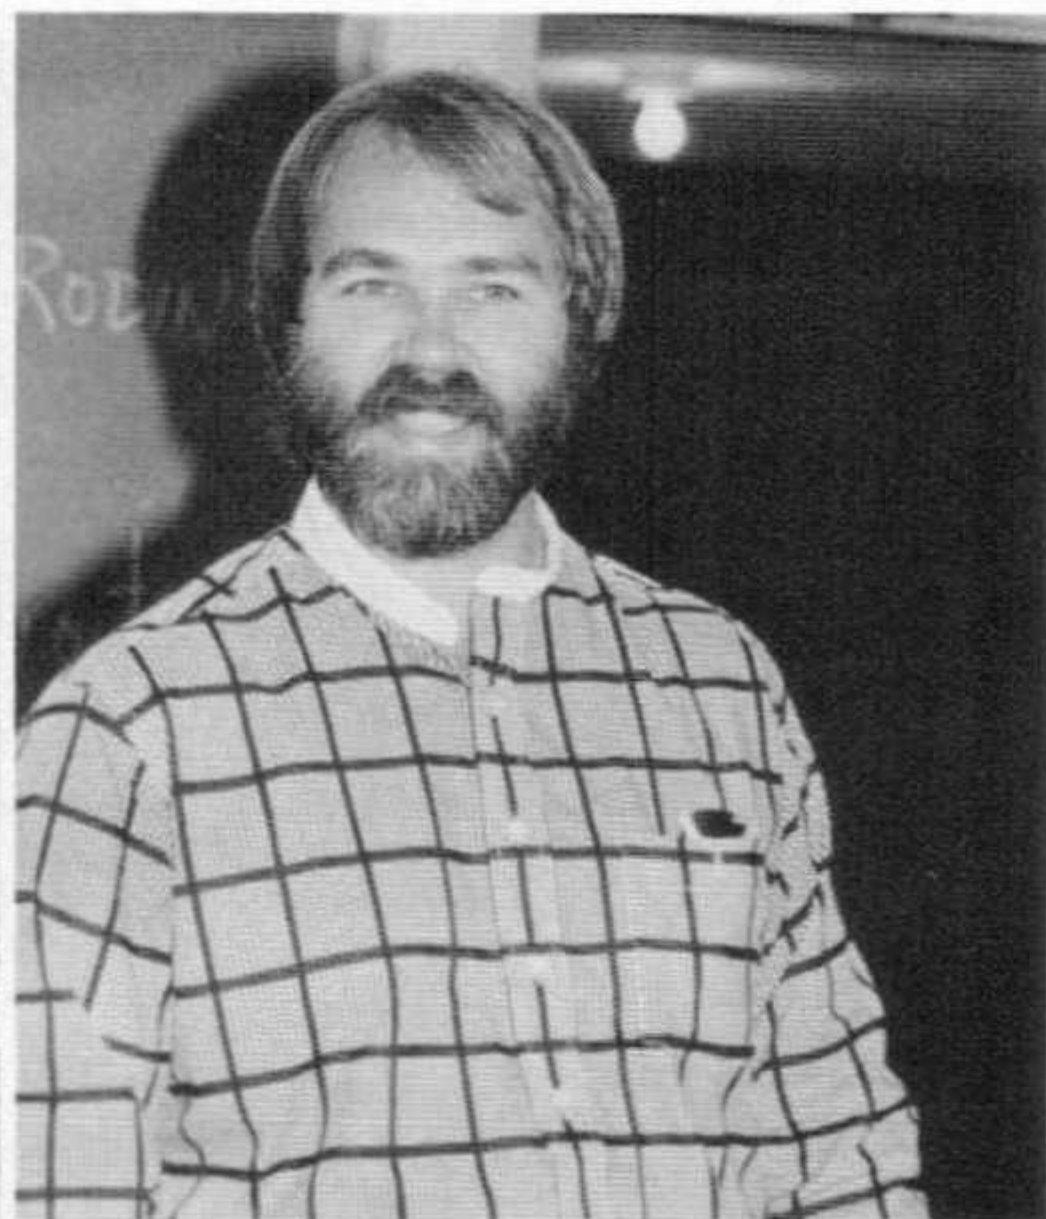

Maybe the all time most exciting event was the visit by Pierre Salinger. As a department we felt extreme pride in being able to sponsor and prepare for this memorable event. We commend the entire school for making the day a truly historic one.

We wish each and every one of you continued success and great happiness.

The Science Department at Natick High provides a diverse selection of courses to students of varied interests and abilities. Students can be seen studying the anatomy of cats, observing a chemical reaction, experimenting with a wave tank, and even studying the stars in the Planetarium.

The Science Department saw several personnel changes this year as Mr. Murray was appointed to department head; Mrs. LaBossierre, a Natick High graduate, filled Mr. Murray's teaching position. Also, the department lost Miss Byrne, who took over the data processing center. She was replaced by two part-time teachers, Mrs. Norton and Mrs. Farland.

Congratulations are due to Miss Blodgett, who married in the spring and returned as Mrs. Johnson. To the entire Science Department Staff, The class of 1980 would like to say thank you and wish you good luck.

The Quinobin Vocational School is one of the many Special Needs Services that Natick High School provides for those students who intend to go right to work after graduation. The school gives specified training in cooking, electronics, carpentry, electricity, art and many more. This school has helped many students find a trade in which they can work and live, so that their lives are made fuller for the experience that the Vocational School has provided.

# BUSINESS

Mr. Drown, Department Head

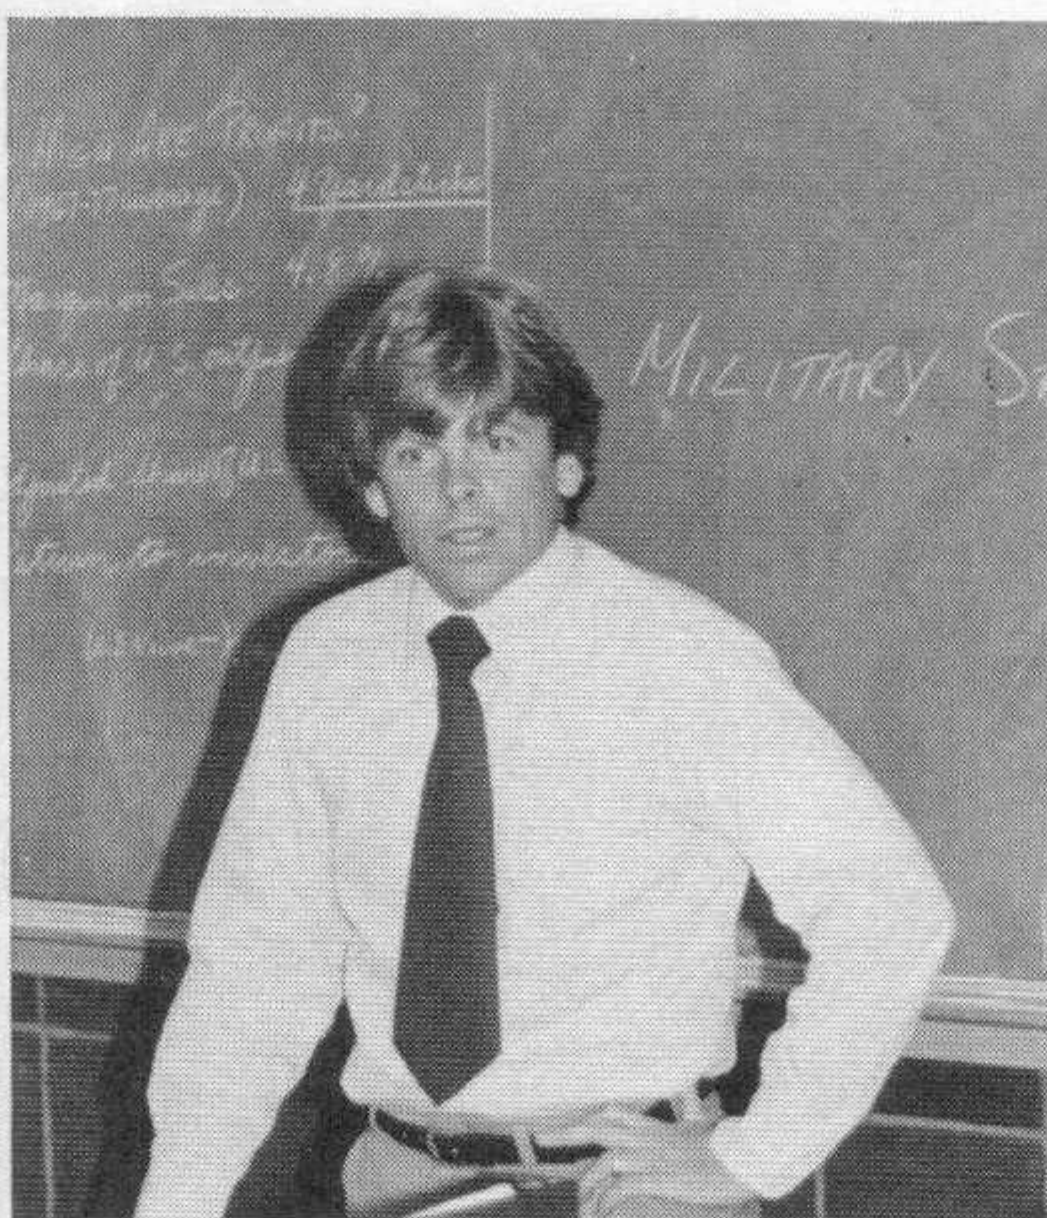

Education for business at Natick High School means that students may be preparing for careers in business or for the business of living each day efficiently. Business Education at Natick High School is "big business" and some 1200 students take advantage of one or more business education courses during a year.

A look at the employment pages of a daily newspaper will convince anyone that there are job opportunities in business. Students in Business Education at Natick High School are trained for initial jobs. For many years we have not been able to fill all the requests for students to work in business. Careers are made up of jobs; being able to get a job may be the definite first step to a career!

# LANGUAGE

The Foreign Language Department believes that every student should have the opportunity to learn a second language because it believes that every student should be prepared to live in an international world. The road to bilingualism begins in high school and progresses according to the needs of the individual. The staff urges every student to think of the future by beginning to acquire all the necessary skills now.

The Foreign Language Department also took in two new teachers this year, Ms. Bernadette Miliauskas and Ms. Carroll-Ann Mullahy.

# Sassamon Newsmagazine

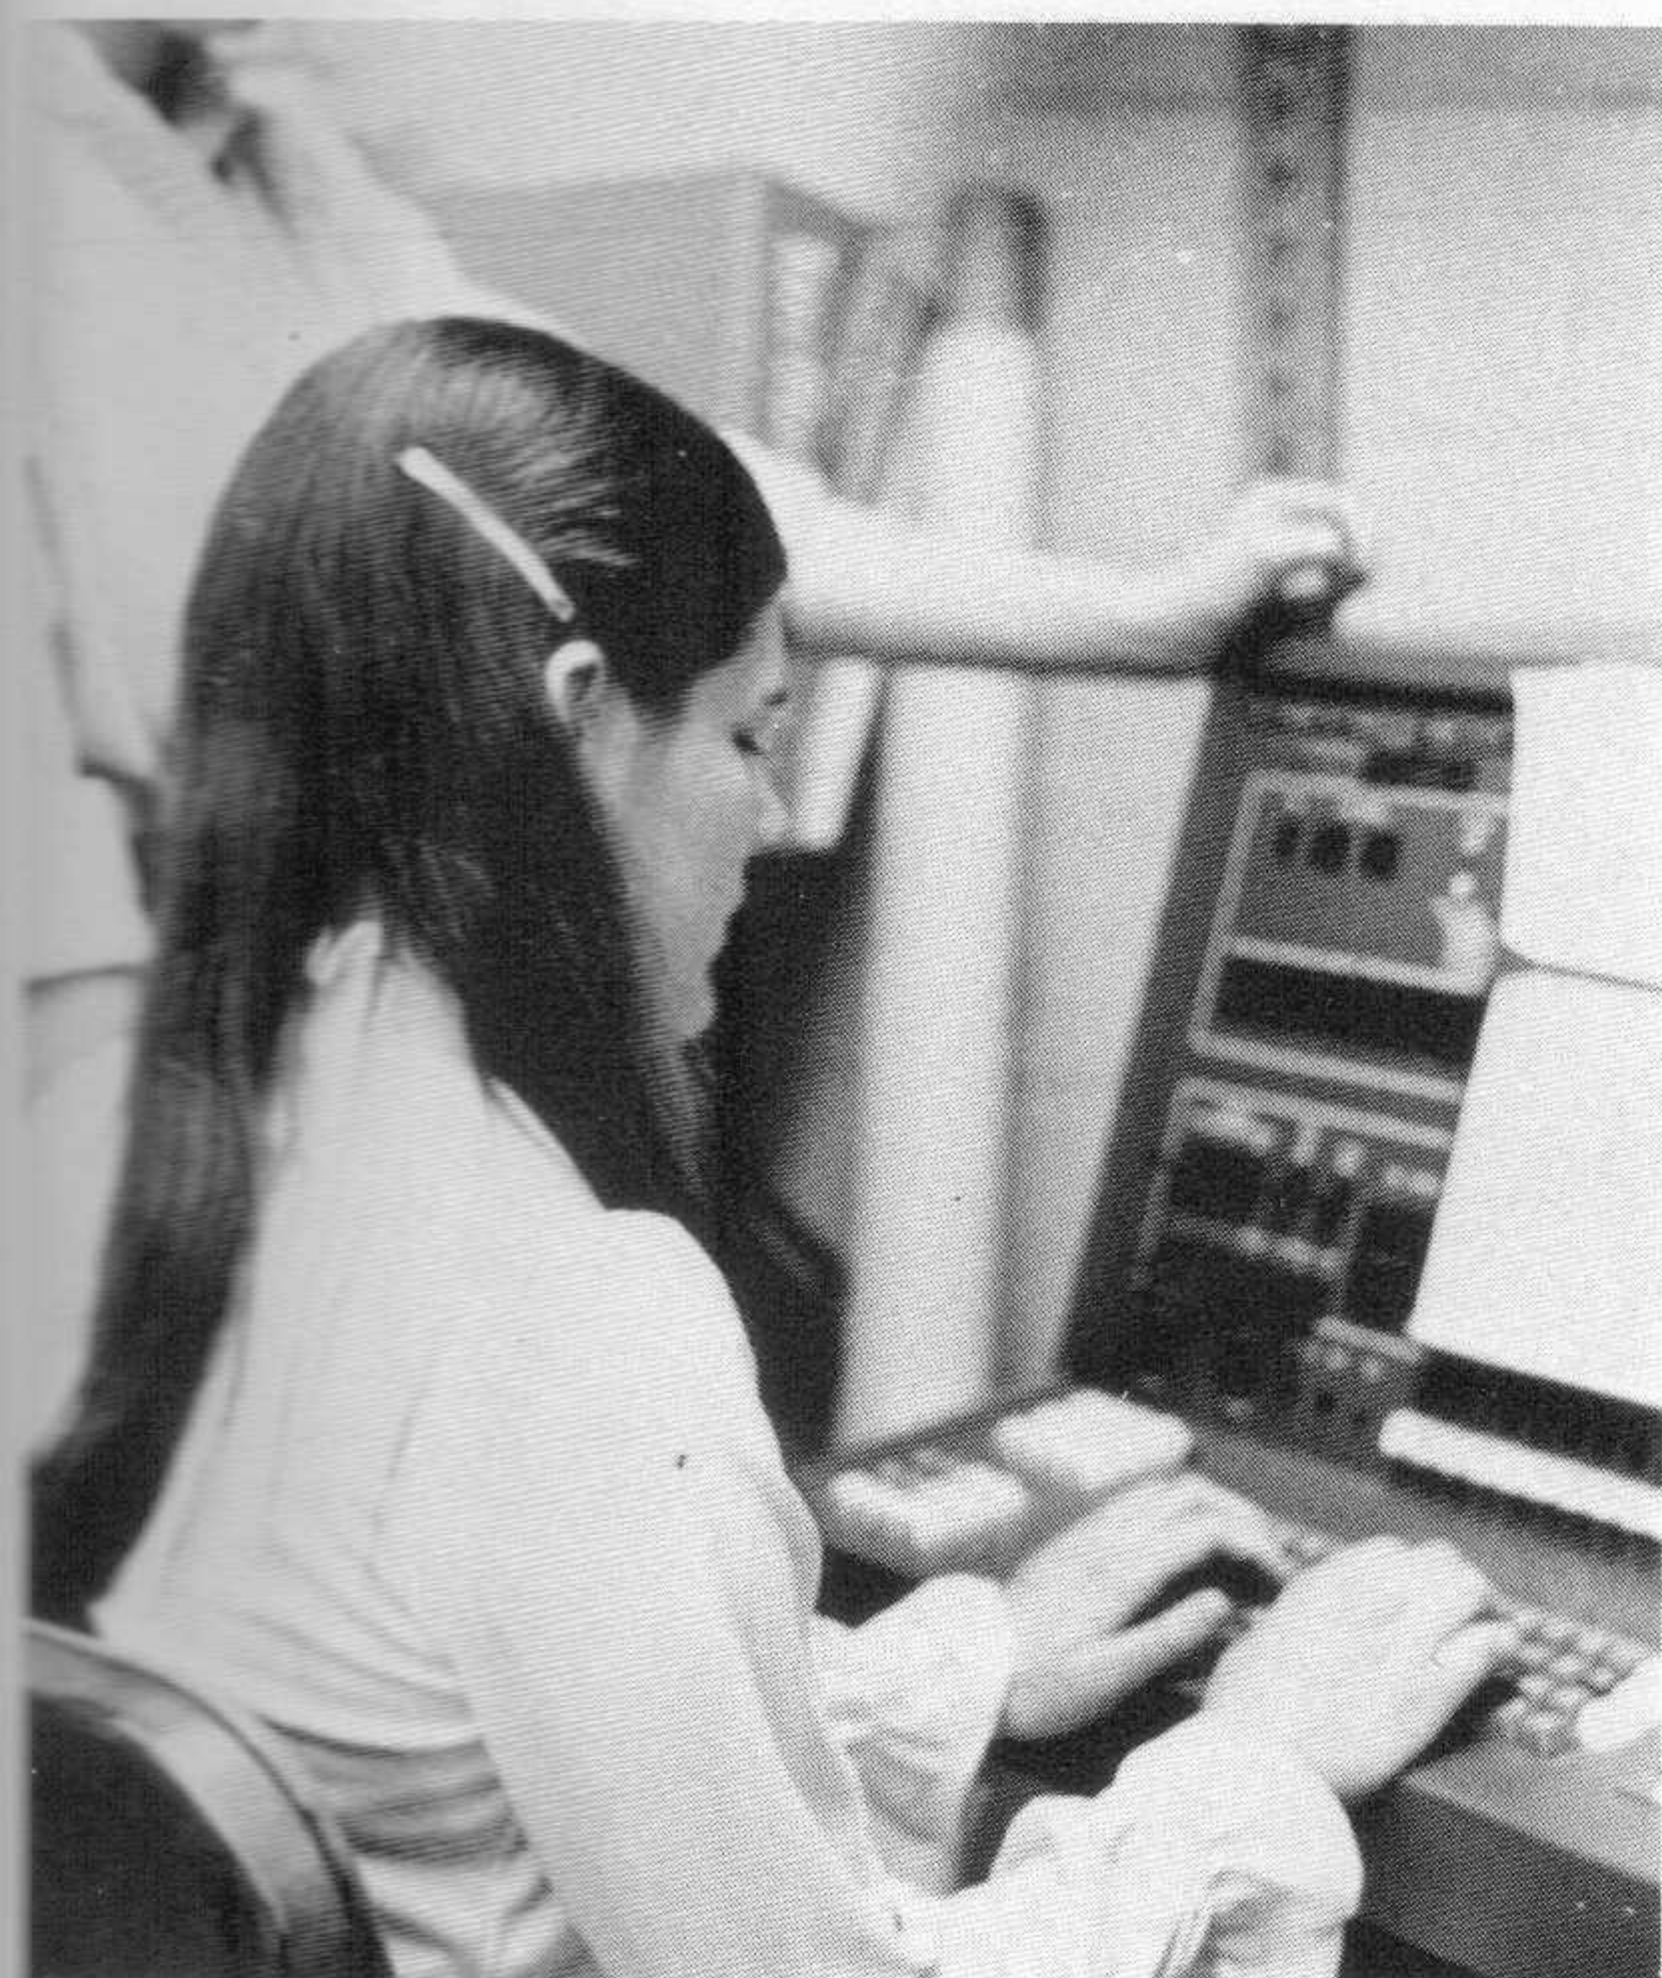

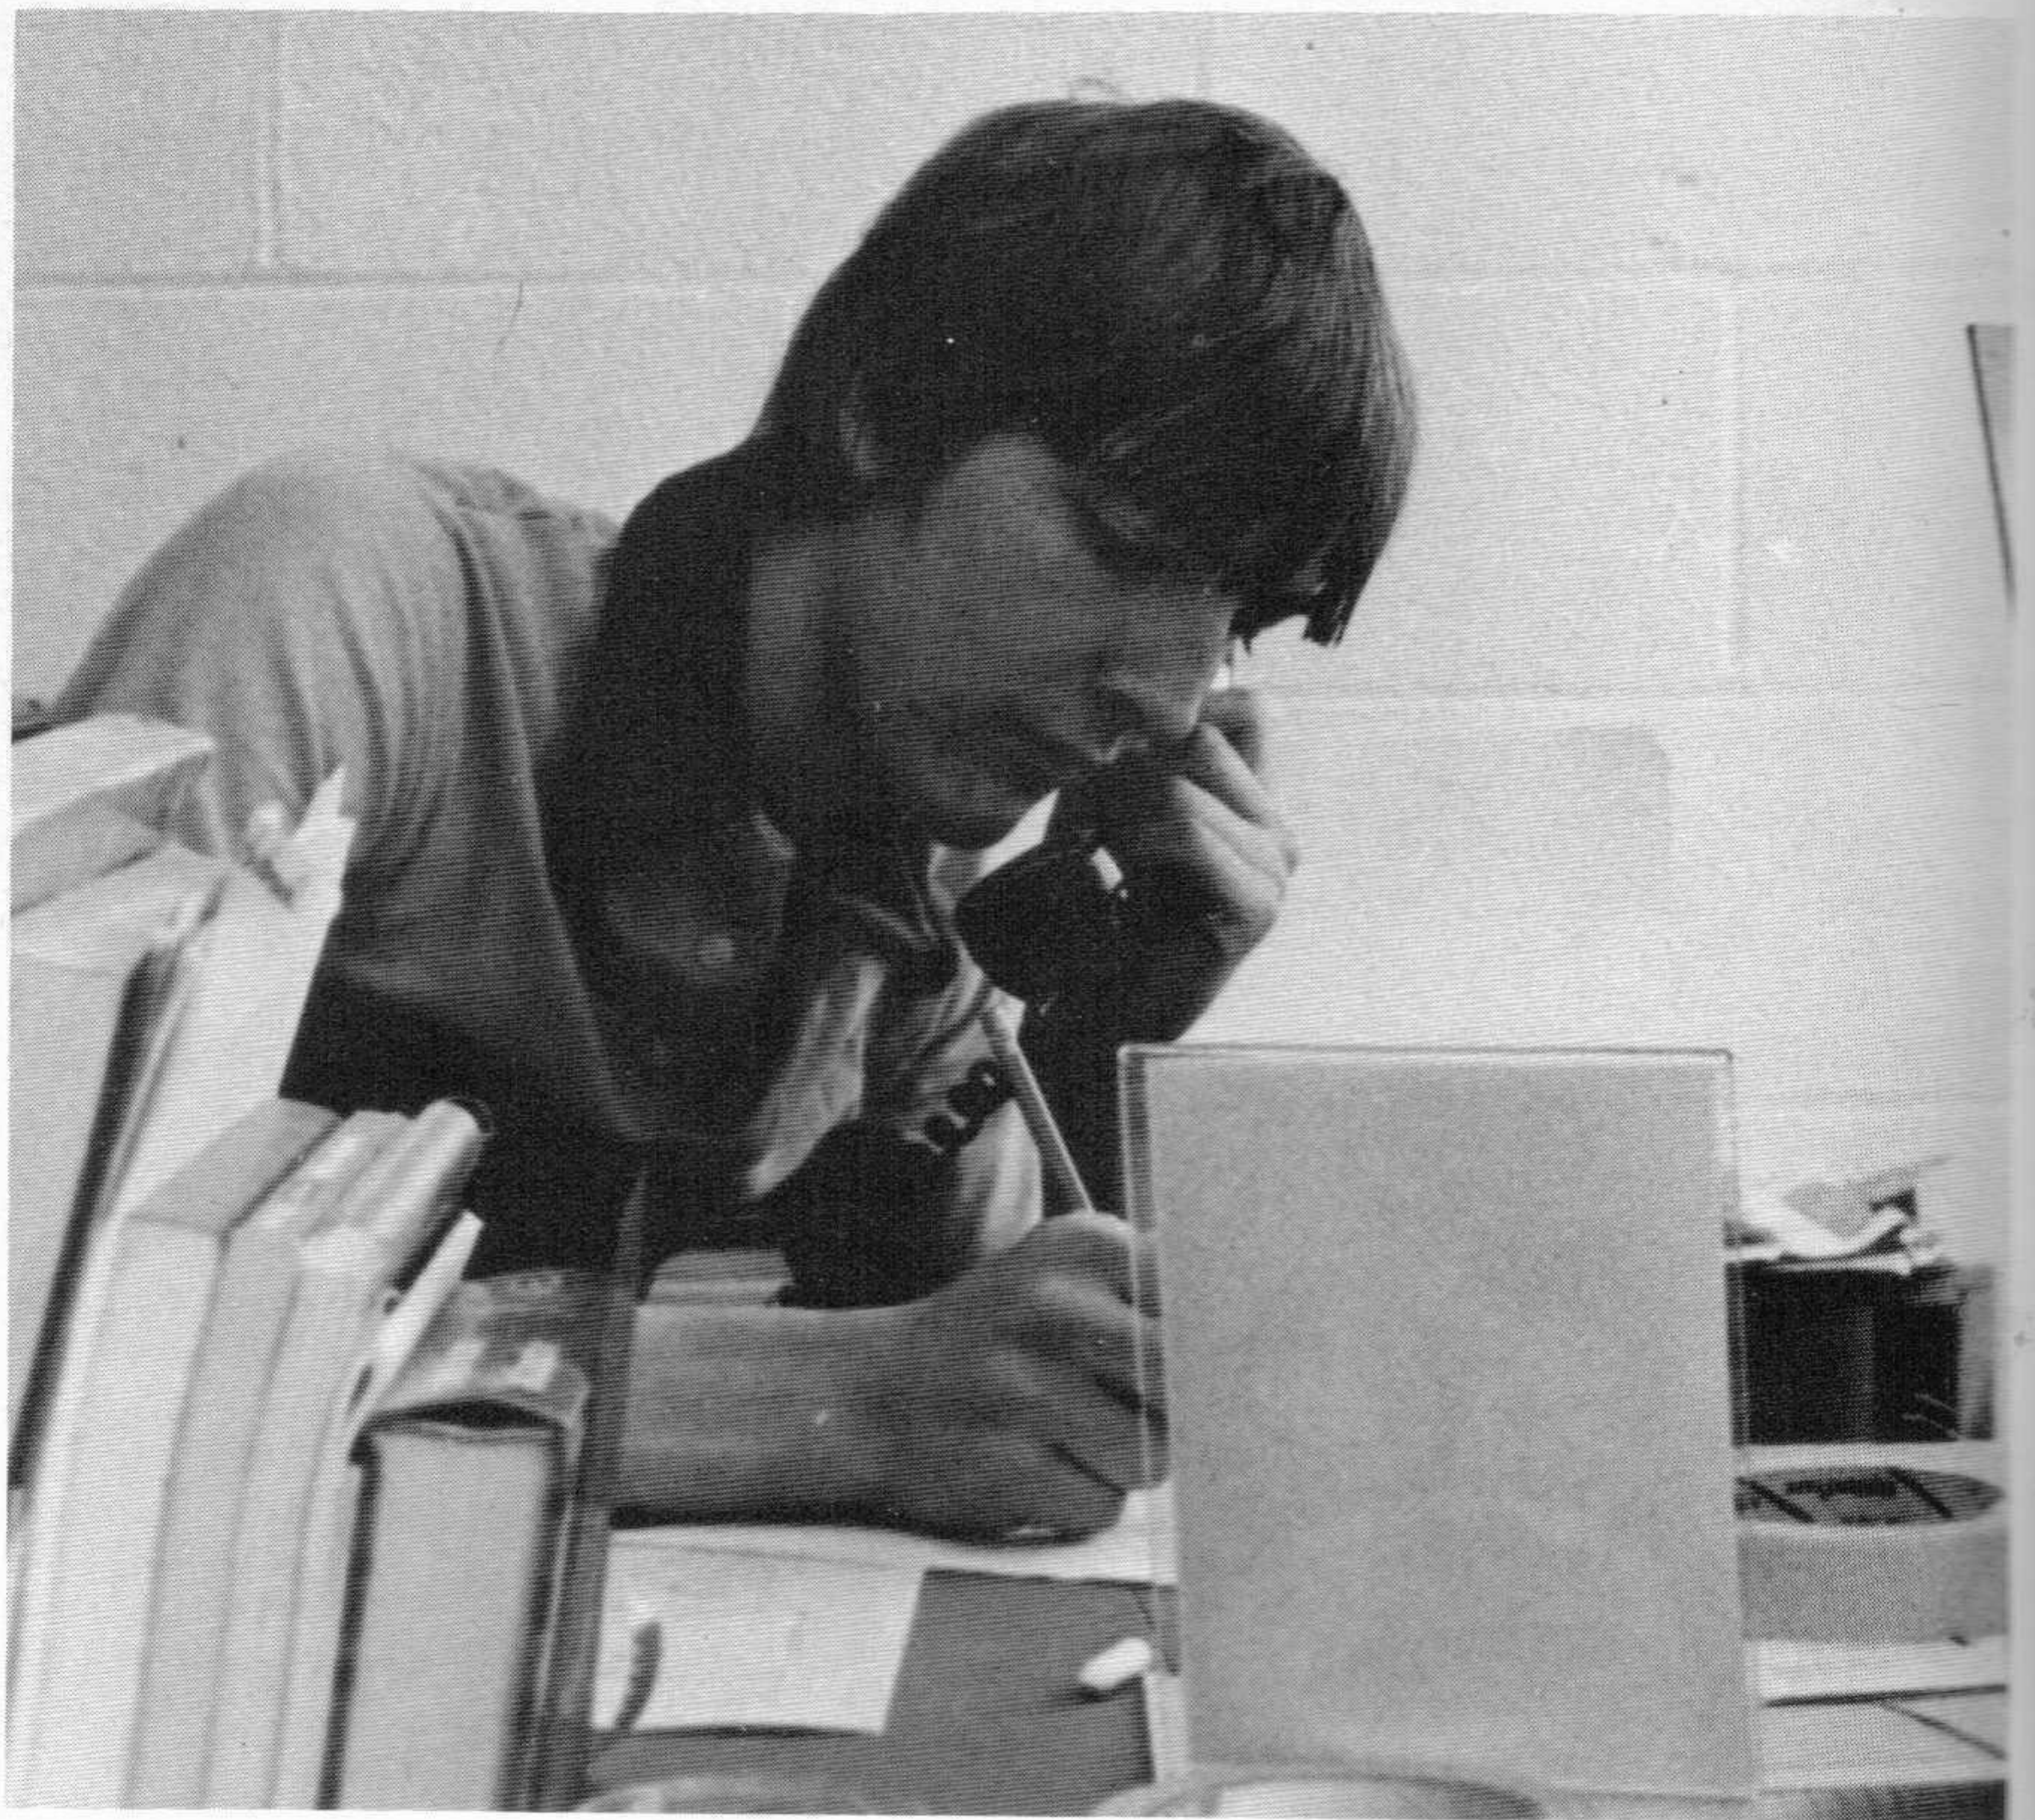

The past year was a time of growth and expansion for the Sassamon Newsmagazine.

For the second year, every aspect of producing and printing the newsmagazine was done in the school, and a grant from the State Department of Education brought \$20,000 of new typesetting equipment to Natick High School. This new equipment, along with a new room exclusively for Sassamon use, will allow the staff to do everything, except the actual printing, in the Sassamon News office.

The staff size increased for the first time in three years, indicating that the Newsmagazine is becoming more popular as a school activity. Seven staff members elected the Sassamon Practicum course for credit, meeting during F period.

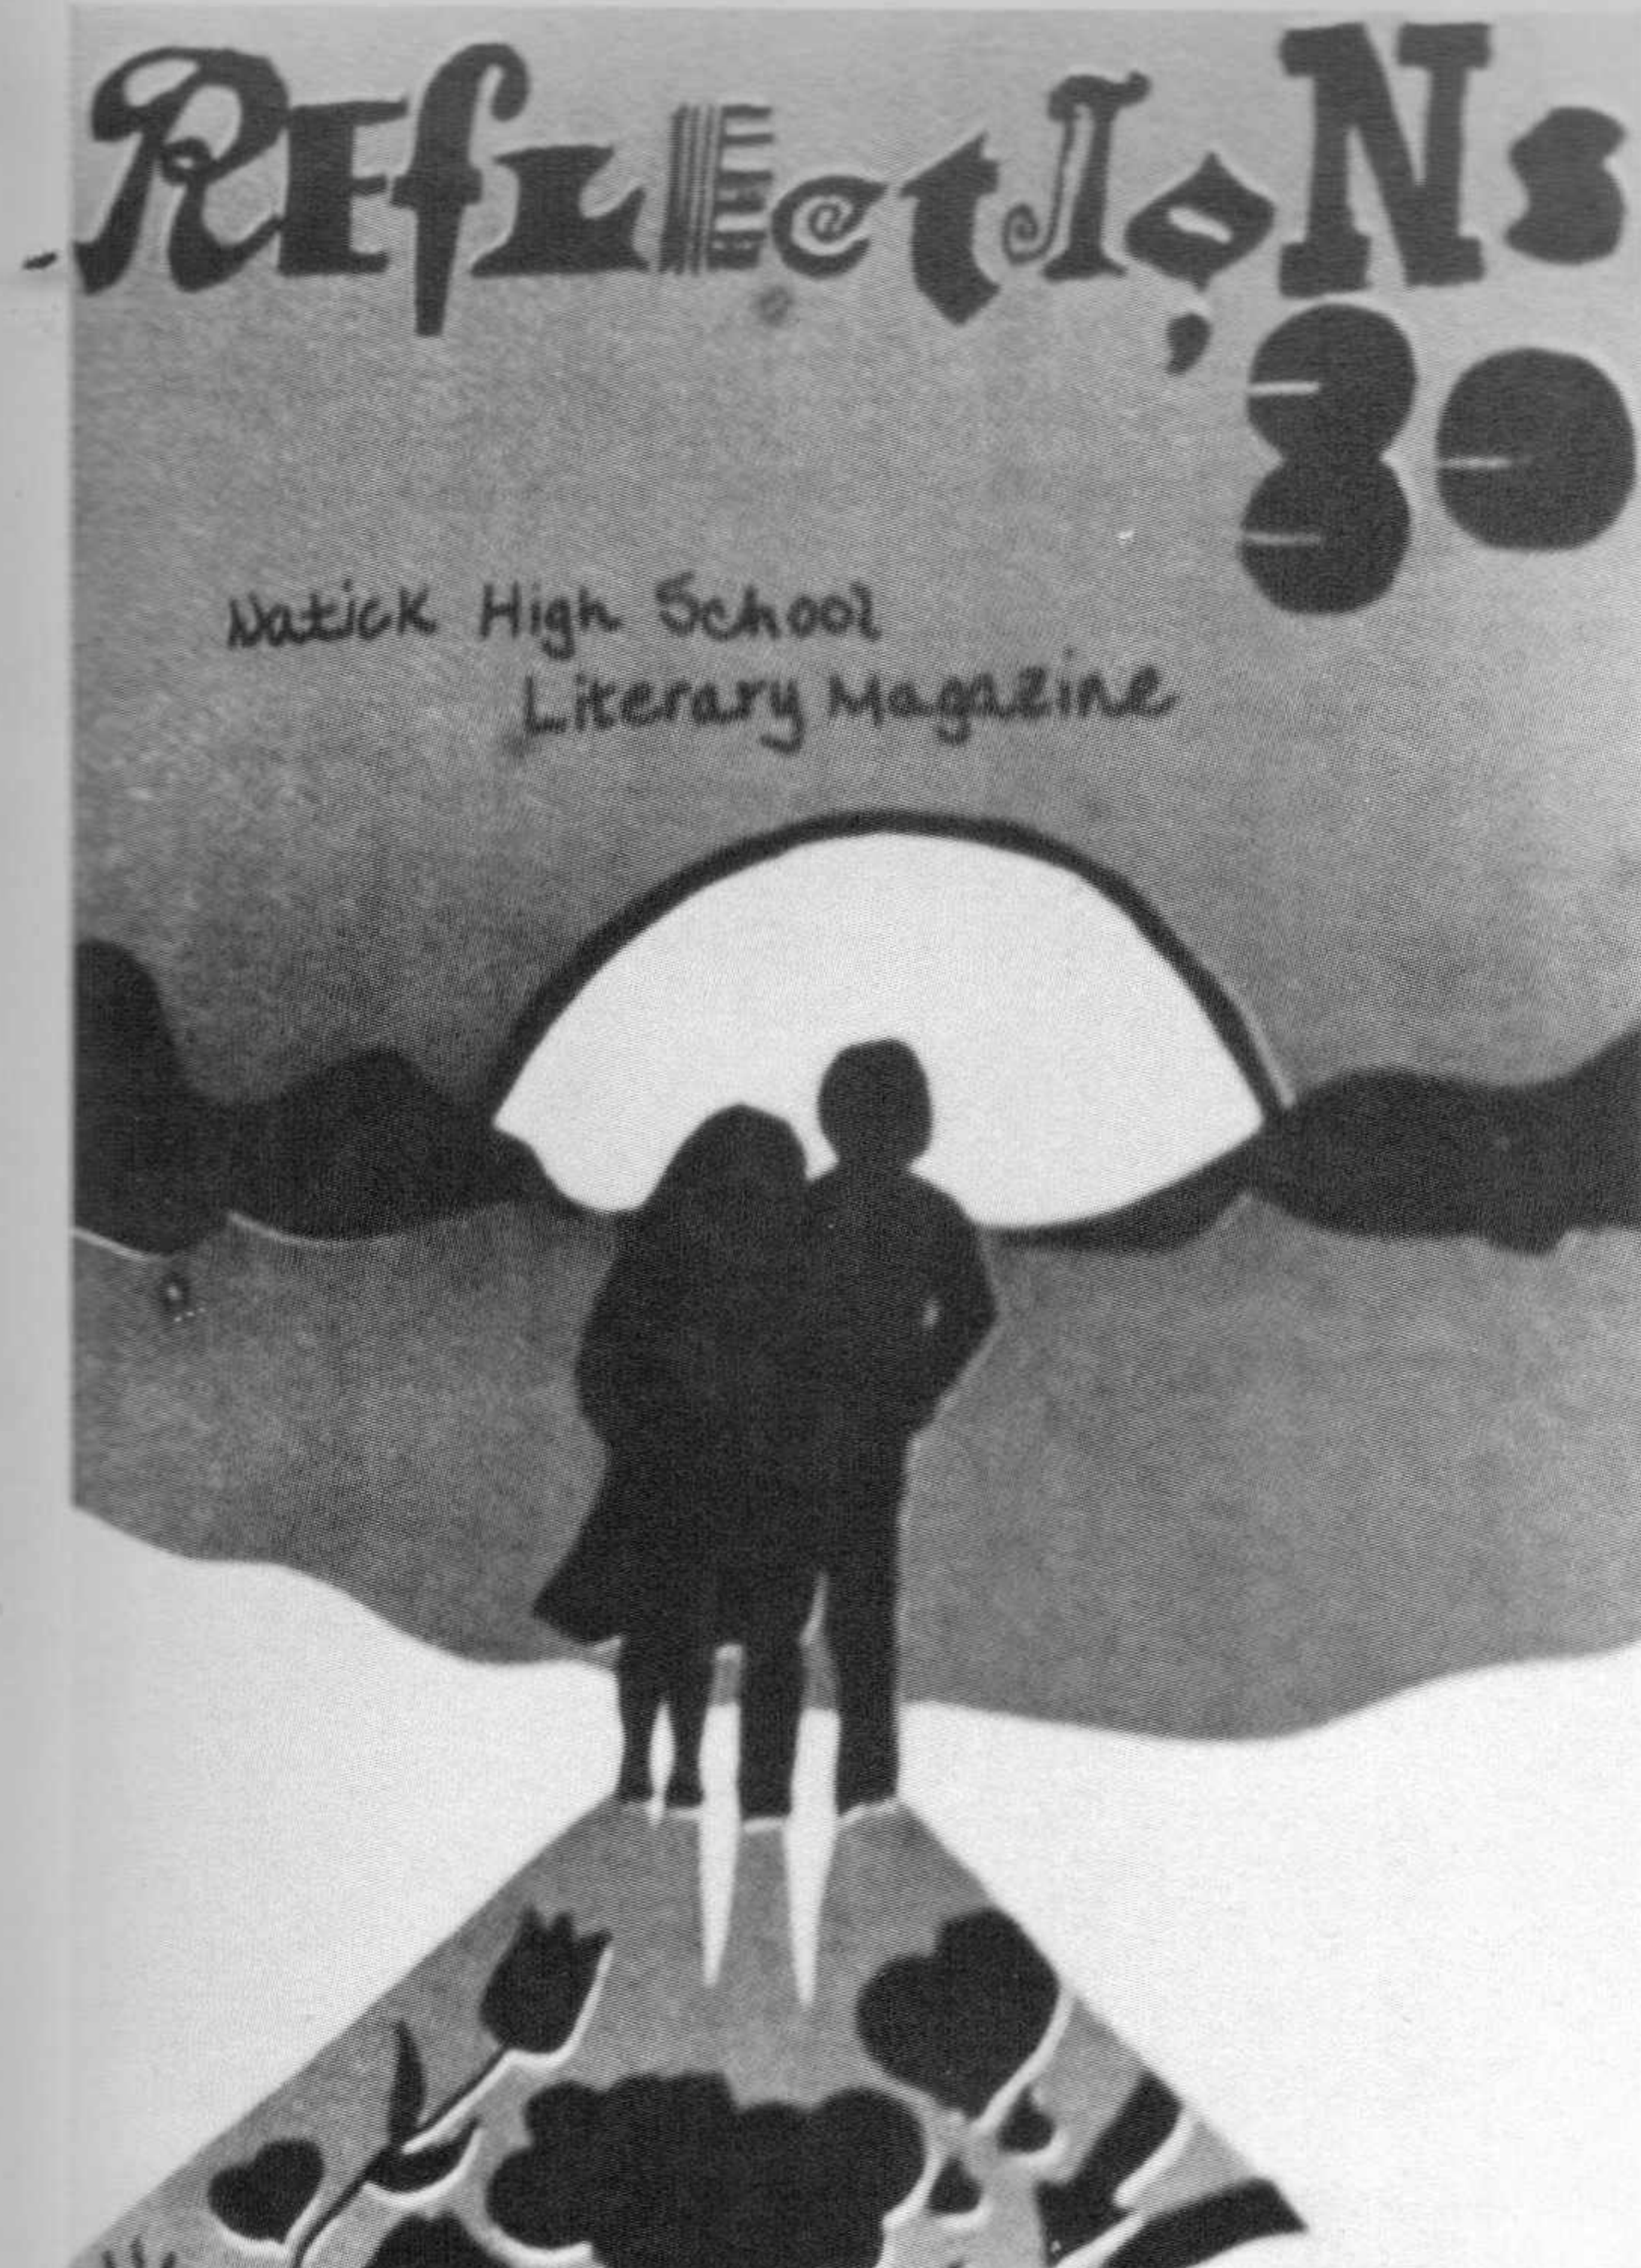

Editor George Long, in the first investigative report of the year, made a revealing discovery of the misuse of paper trays in the cafeteria. After the article was printed, this health hazard was aliminated by the use of washable plastic trays.

The staff, led by editors Lisa Cyr and Jinny Brack and advised by William Holbrook, included News editor Jeff Porter Features editor Mary Grassey, Arts editor George Long, Sports editor Myles Gilbert, Girls Sports editor Karen Murray, Boys Sports editor Russ Whinnem, and Business manager Jeff Brown. Maryellen Edwards, Martin Alintuck, Peter Bowser and Kenny Brack were also members of the staff.

The 1980 Ski Club, organized by Ms. Rogers and Mr. Houston started out strong with over 50 members. Due to New England's unusually mild season, and lack of snow the Ski Club only took one trip. Ms. Rogers and the eighteen skiers who took to the slopes of Waterville Valley were graced with snow and about the best conditions of the season. The Waterville Valley Bunkhouse provided the food and fun! We are looking forward to the 1981 Ski Season.

## THE PUPPET

I lead a puppet's life,  
 pulled by many strings,  
 run by other people,  
 manipulating me.  
 It is always show time,  
 painted smile masking,  
 the play continues on,  
 until the masters stop.  
 Yet thoughts of mine are hidden,  
 feelings locked inside,  
 the strings restricting,  
 I cannot reach the key,  
 and my mind is screaming —  
 Who is puppetmaster?

## To Write . . .

To write  
 is to grasp a  
 moment  
 a mood  
 a memory.  
 That moment **is**  
 and will always  
 remain.  
 To write  
 is to bring it to  
 light, so that  
 I may feel it  
 again  
 and hold it in  
 my hands.

Joyce Memishian

"next,"  
 the computer said  
 and i stepped  
 forward  
 feeling like a  
 lifeless  
 brown manikin  
 tossed away  
 and all alone,  
 knowing that i'm  
 not wanted,  
 useless  
 and completely  
 nonfunctional  
 against this  
 superior being  
 this brain-child  
 of a man.  
 and when the  
 computer said  
 "no identification  
 given,"  
 i had to tell it  
 that when the  
 card had asked  
 "who are you?"  
 that i  
 just  
 couldn't  
 answer.

### the Challenge

and so the man with fire in his eyes  
raised the pen to challenge  
the Jovian javelins  
and beat upon the shoulders of Atlas  
with a club snapped from an apple tree.  
upon resting from his infinite labors  
he spied a blind man in the distance  
sitting by the seashore, laughing  
and listening to the ocean's roar  
in seashells gathered by a peaceful cove.

### ARJUNA

Darkness paints itself into the corners of the room.  
Silence creeping across the shaggy rug.  
Cone smoke drifting upwards in swirls.  
Aroma penetrating, filling the still air.

Legs, crossed like a pretzel.  
Back, rigid in relaxation.  
Palms, turned to the world above.  
Eyes, staring ahead,  
refusing to blink  
to lose concentration.

Silence spears the mind,  
searching, examining, analyzing  
for truth  
regarding creation, destruction of all.  
Beholding all shapes,  
species, colors, kinds.  
Responding to all images in unity.  
Disecting-  
Tossing out speculations,  
believing nothing for fact.

My body may it roam.  
My mind may it soar.  
My soul may it fly  
over existing barriers.  
Reaching, yearning  
for peace  
over the edge of the barriers.  
May I fulfill my  
reason for being,  
my search  
to become whole.

Lisa De Palo

### A Promise

Sharing thoughts,  
Engraving your feelings

Painting a mural

Freeing yourself from  
your own confines.  
A promise in itself.

With a "super group of seniors" and other fine players, the Natick High Football team started the season with high expectations. Natick's tough schedule had Dedham, Norwood and Walpole on the road, but the tough Redmen lost only to Norwood in a close contest. A first in the BSL, the Redmen hosted a night game before a packed house despite a complete downpour. Natick's superb offense and defense won this game against Milton, 34-14. But, Natick's tourney hopes were crushed on "Black Thursday" when Natick lost the annual Thanksgiving Day game against Framingham South. The Redmen finished in second place with a 7-3 record.

Co-captains George Sellev and Ted Thomas turned in a superb season under Coach Lamb. Junior Doug Flutie was voted MVP. Contributing seniors were Al Cosimini, Eric Thalheimer, Ed Slamin, Rod Green, Neal Ringquist, Chris Costa, Mark Bellantoni, Mark Donahue, Scott Grady, Ted Donahue, John Kane, Paul Gusmini, Phil Sanfillipo, Steve Murtagh, Rich Ham, Brian Fitzgerald, Ken Paul, Bob Parker, Neil Jasinski, Chris Carr, Jim McIver and Joe Hladick.

Senior Tri-captain Robin Ryan, center halfback, was named MVP and Bay State League All-star, while co-player Brenda Wilcox, a must on the offensive line gained the MIP title. Dedication, hustle, and skilled playmaking contributed to the final record of 6-10-2. The highlight of the season was the finale against Framingham South. In front of a large crowd, the teams battled strongly throughout the match to preserve a shutout for Natick against their traditional rival.

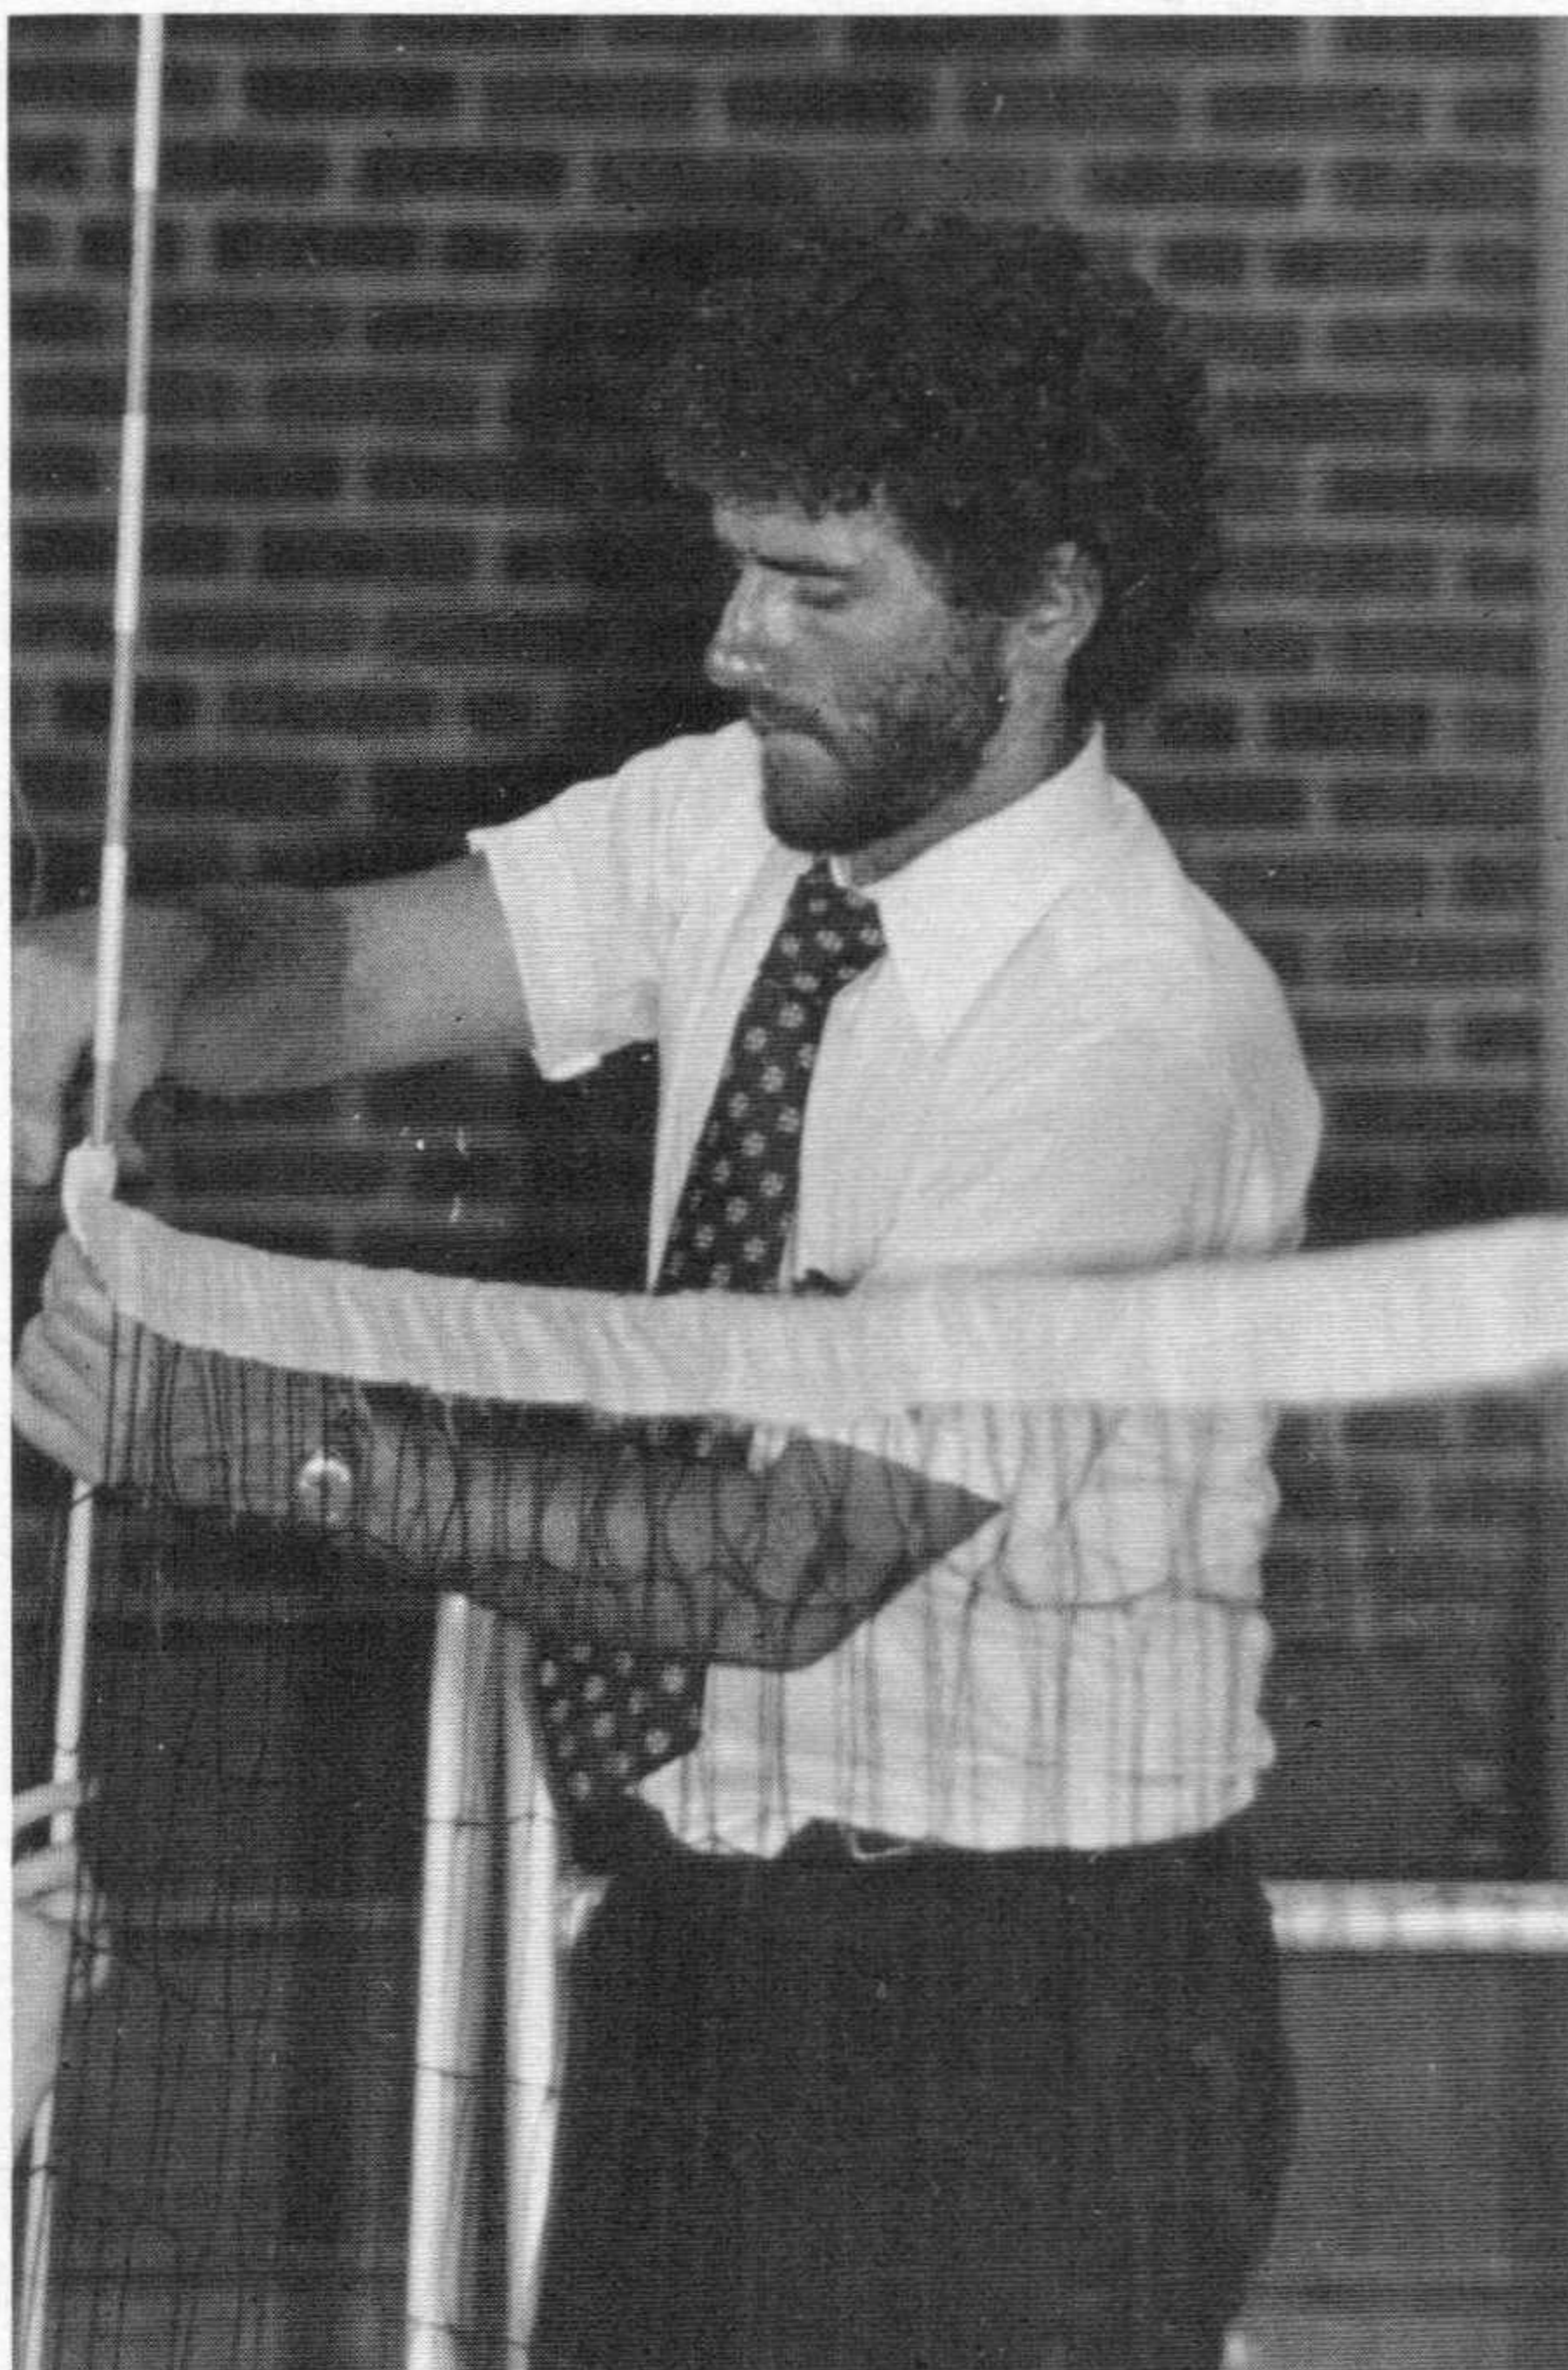

Standouts on the Varsity were Co-captains Jeff Yarckin and Mike Rich, Seniors Alan Chester, Mark DeBruyn, Jim Kinchla, Andy Rollins, Ethan McMahon, and Dave Marchetti.

The Girls Volleyball Team, led by Co-captains Diane O'Connell and Jane Reed finished with the best combined record (Varsity and J.V.) in the history of the team: 23 wins and 13 losses. With outstanding spikes and spirit the team barely missed the post season playoffs. The season highlight was a television appearance playing against league-leading Brockton. Despite losing by a narrow margin, the coach and team agreed it was the best played game of the season.

Outstanding players included Co-captains O'Connell and Reed, who was chosen unsung hero for the fall season. Senior Ann Rosenkranz, a Bay State League all-star contributed with spectacular serves. Seniors Jane Benson and Kathy Peterson played consistently throughout the season.

For the first time, the Natick High Golf Team played their season in the fall instead of the usual spring golf season. Under Coach Hugh O'Conner, the team posted a 3-6 record. Basically a rebuilding year, the high point of the season was a spectacular win over Braintree. This was the first time in seventeen years that a Redmen team was able to defeat the Wamps. Senior Marc Harrienger, winner of the Most Improved Golfer award, was the most consistent golfer and played a key role in each of the victories.

Senior Carolyn Fletcher giving it her all

First row, l to r: M. Harrienger, L. Aube. Second row: Coach O'Conner, J. Cardillo, W. Chounaird, B. Pru

Coach Linsky's Varsity Tennis team, led by co-captains Suzanne Berger and Sandy Muhlfelder, set a new school record this season with 10 wins and 8 losses. Suzanne was voted MVP by her teammates and chosen for the BSL all-star team by the league's coaches. Karen Milty Murray, voted the Most Improved Player, teamed up with Judy Quirk at first doubles, while Gerri Fair and Carolyn Fletcher formed a formidable second doubles team. Wendy Bortman was impressive at third singles while seniors Susan Jones and Mandi Zaltas also made significant contributions.

This year's JV team, under Coach Bill MacGregor, finished at the top of the league with an outstanding record of 17 wins and 1 loss.

The Girls Swim Team plunged into the Bay State League and surfaced with a 2-5-0 record. Coached by Kathy Oakes and captained by Deb Ruiter and Marianne Daly, the girls persevered in a relatively unrecognized sport.

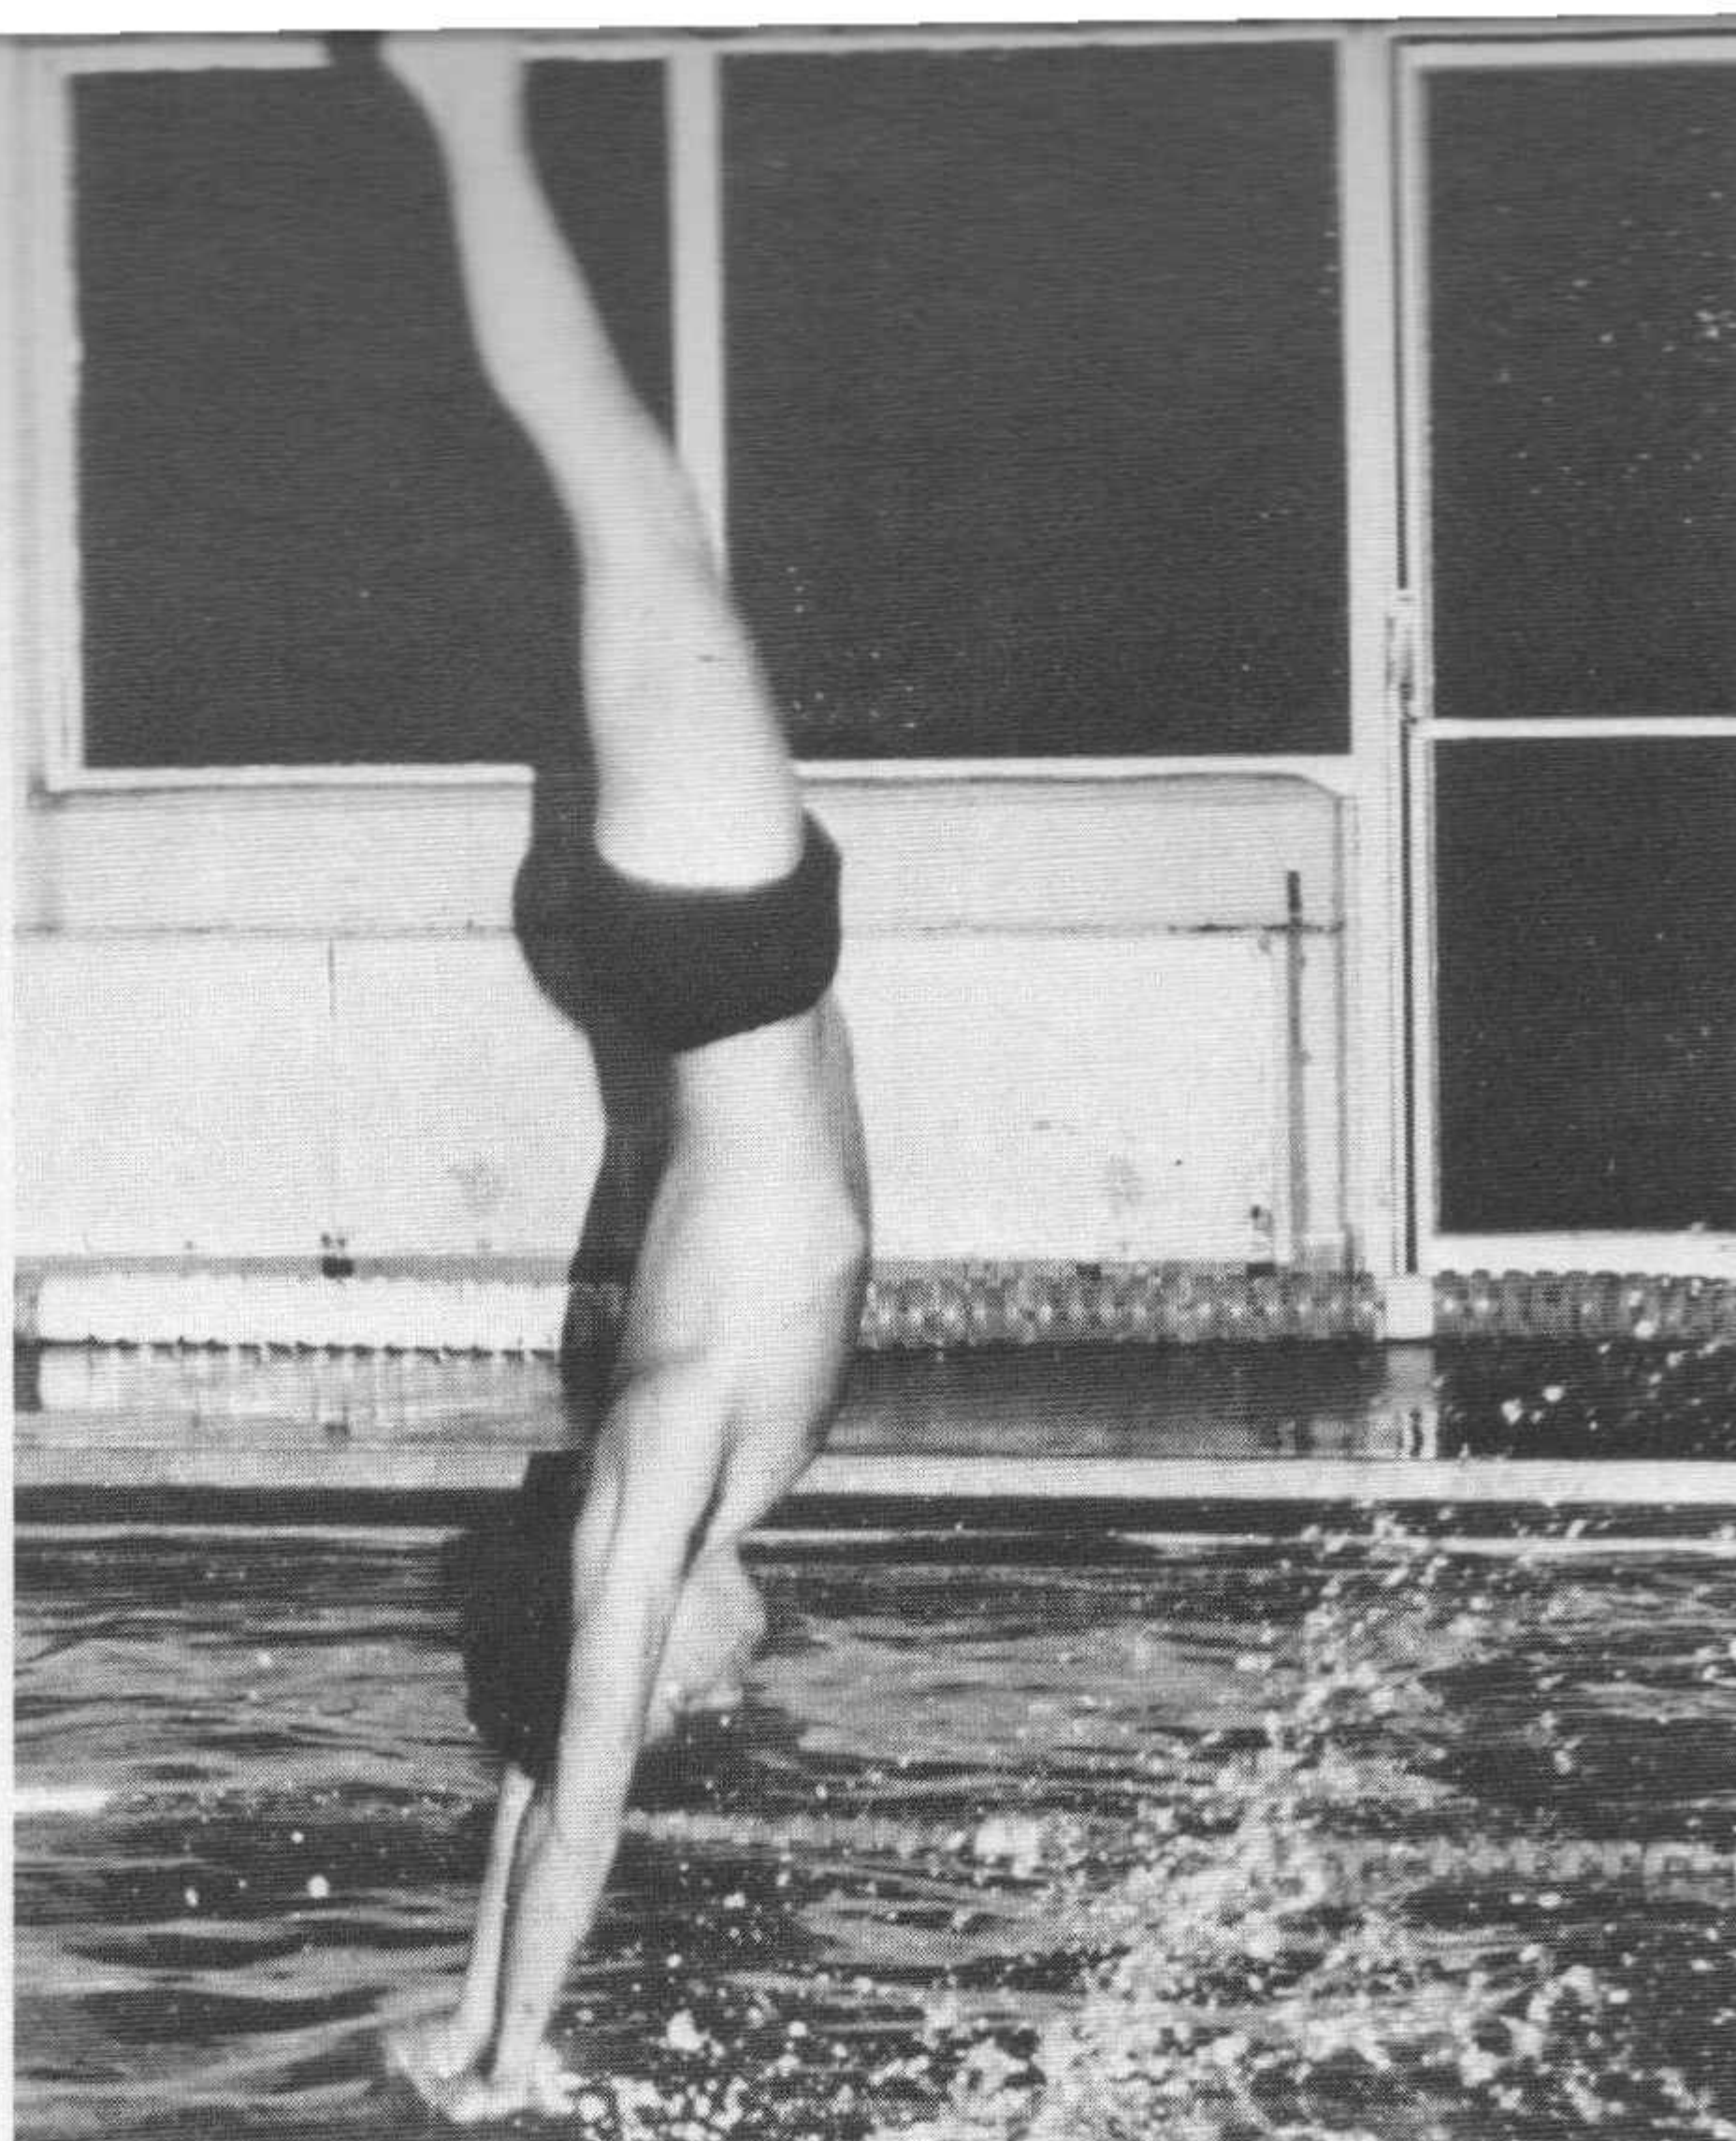

Outstanding swimmers for Natick were Deb Ruiter, MVP of the team, Marianne Daly, Patty Wright, Jayne Bartlett, Stacey Sutfin, Geri Fair, and Laurie Lloyd.

Thanx Kath! Pud & Deb, what leaders! Pud school starts at eight. Deb, where did you put the MnM's? Noelle, watch the football games at Coolidge field next year! Patty, you MUST breath! Life in the slow lane, Geri, Stacey and Patty. Good luck in 80' from Deb, Pud, Geri, Patty, Jayne and Stacey.

The Boys' Swim Team dunked the opposition in the Bay State League this season under the guidance of Coach Mary Pierce and Tri-captains Frank McShane, Jim Crisafulli and Mike Rich. The team lost the BSL title with a disappointing loss to a powerful Framingham South team, but their record of 7-2 stands as a successful season for Natick swimming.

At the end of the season, Jim Crisafulli and Frank McShane were awarded the Coaches Award. Bill Chaulk won the Most Improved Swimmer and Steve Ehrlich won the Most Valuable award. Other outstanding swimmers were seniors Peter Bibo, Sean Mack, Andy Rollins, Mark Carmel, Joe Richards, Dave Marchetti, Andy Trackman and underclassmen Steve Ruiter, Jim Ehrlich and David Shedd.

Several highlights in the season were knocking out Norwood twice, and clobbering arch-rival Framingham South, with the second game determining whether Natick or South would go to the tourney. Three outstanding young men and hockey players from Natick were chosen to the Bay State League All-Star team. Bill Nee, senior tri-captain on defense, Junior, Brian Till, forward and Junior, Richie Costello, forward. In addition, Richie Costello was selected by the coaches as the Most Valuable Player in the League. Hard work and dedication helped both the novice and experienced gymnasts turn into a team that displayed class, style and enthusiasm. The team finished with a record of 4-5.

Sophomore Jacqui White was MVP and captain-elect Katy Murphy received the MIP award. Other outstanding performers for the team were Captain Sheryl Hunter, seniors Barbara Meadows and Brenda Wilcox, junior Sheryl Waxler and sophs Suzanne Goulart, Lynn Palladino and Marybeth Paul.

Dan Lamont comes out on top

After a tough season last year, the wrestling team anticipated a better one this year under Coaches Howley and Franke. However, the team was plagued with serious injuries to their starting varsity squad. Co-captain Chris Costa dislocated his elbow and was out for the season along with seniors Mike Kadlik (bruised ribs), Kevin Looby (head injury), and junior Tim Looby.

The team had a record of 2-14 but they also had several outstanding wrestlers. Co-captain and MVP, Dan Lamont wrestled his way to the State Tourney. Scott Ryder was named Most Improved while Chris Costa was awarded Most Dedicated Wrestler.

The Boys Varsity Basketball Team, captained by Neil Jasinski, surprised everyone by compiling an impressive overall record of 11 wins and 7 defeats in the tough Bay State League. Natick High, the defending BSL champion, returned only one starter for the 1980 season. However, Coach Charlie Christie and his staff molded together a competitive team that just missed qualifying for the state tournament.

Junior Doug Flutie received the MVP award, while teammate Eric Schmidt was honored with MIP. Senior Bernie Wilder, sidelined for half the season but was the leading rebounder of the team, received the Unsung Hero award. Other main contributors for Natick included seniors Glenn Murphy, Ron Abbott, Bud Killam and juniors Bob Reilly and Charlie Mulholland.

The Girls' Varsity Basketball Team, lead by Co-captains Linda Shohan and Carolyn Fletcher, posted a disappointing 5-13 record for the season. The team's first year coach, Mr. Buschenfeldt said, "The girls never lacked hustle or determination. They always tried hard to bust their hump and gave it all they had in every game."

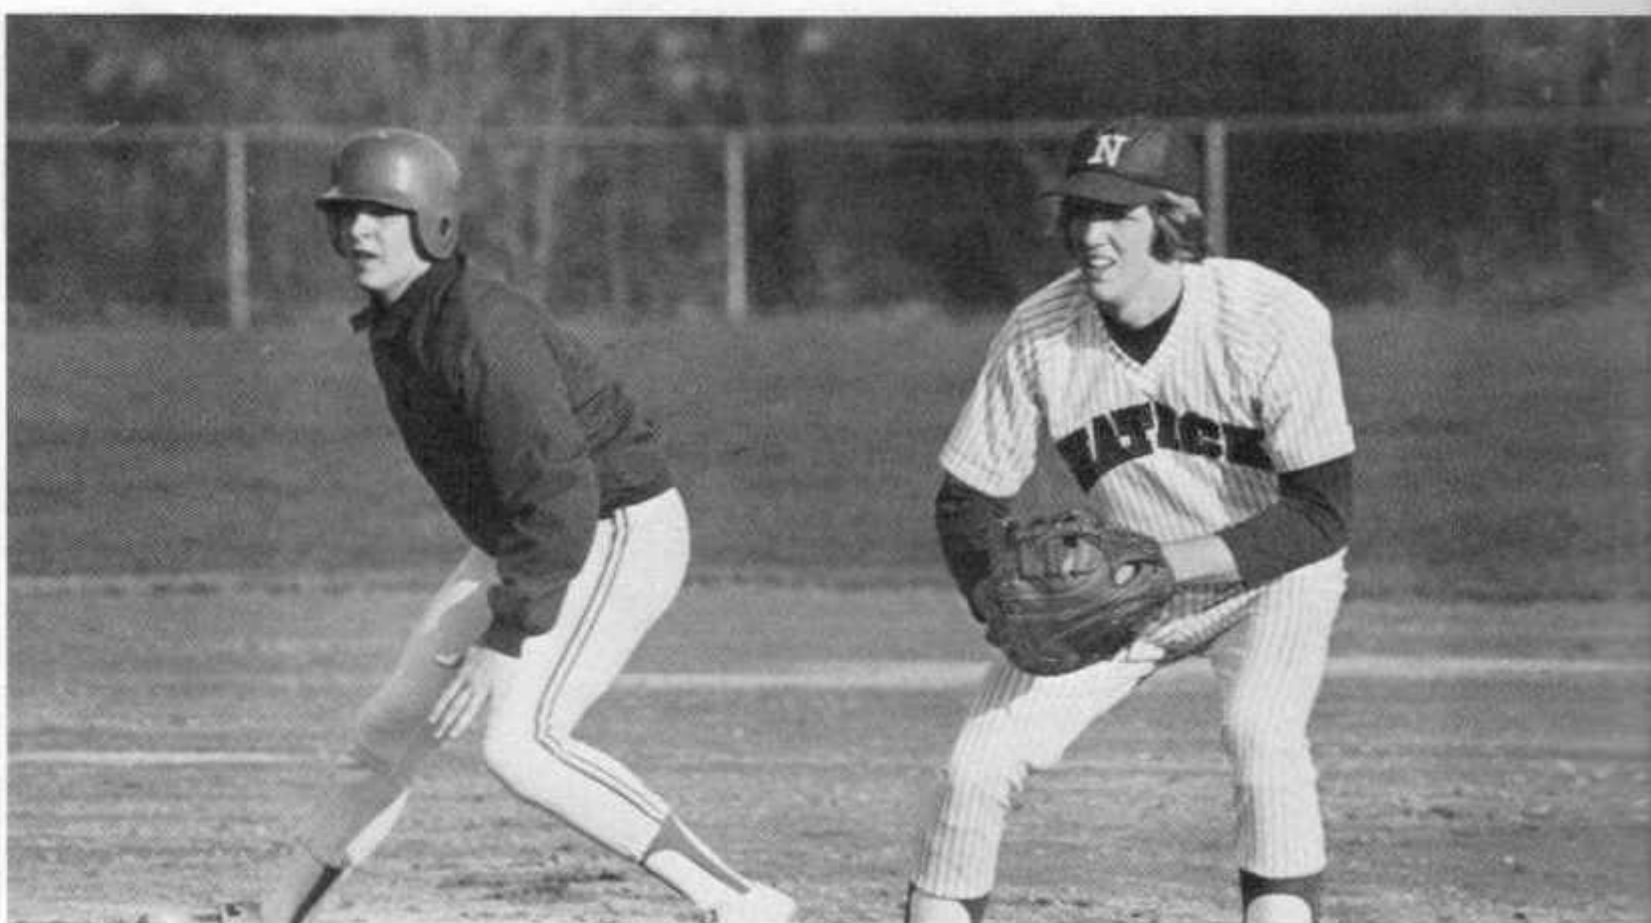

The team was sparked by captain Linda Shohan, a BSL All-star and MVP of the team, captain Carolyn Fletcher, Cathy Martin, Leigh Eckert, Most Improved Player, Karen "Milt" Murray, Lois Alexander and Robin Ryan.

With the hitting streaks of Fred Lynn, and the pitching abilities of Tom Burgmeier, the Natick Baseball Team slid in safe with a 7-5 record. The Redmen, led by co-captains Paul MacGregor and John Kane, had two consecutive wins over Dedham and South, followed by Norwood and Braintree losses, which eliminated them from the tournament run.

The team was always in high spirits, seeing as they had more fans than Yaz! Special thanks go to the dedicated, dependable, and hard working seniors. They are: Co-captains John Kane and Paul MacGregor, Scott Grady, Bud Killam, Chris Carr, Danny Keefe.

Playing under adverse conditions, the Girls LaCrosse team turned in a 2-8 record that does not show the spirit, dedication, sportsmanship and hard work displayed throughout the season. Although not a varsity sport, this team traditionally supports Natick's reputation as the Home of Champions with their enthusiastic attitudes.

Coached by Miss Grady and led by co-captains Bessy Diaz and Jane Reed, the team had many outstanding performers. High scorer was Stacey Sutfin with 15 goals, with Jane Reed a close second. Goalie Bessy Diaz made over 100 saves during this season. Seniors Cathy Wasserman and Beth Rudloff also made significant contributions to the team.

Although the team had a disappointing season, their spirit and enthusiasm was remarkable. The Girls' Track Team, led by Ann Rosenkranz and Karen Cemach, closed out its season with a 6-3 record. The three losses came at the beginning of the season while they were struggling to "get it all together." But with the assistance of coaches Mr. Brennerman and Mrs. Obshatkin, plus a strong effort by the entire team, they finished up the season with outstanding performances. Special congratulations should go to our senior thrower Susan Taves, and our senior runners Kathy Haigis, Sheryl Hunter, Elise Elman, Karen Cemach, Ann Rosenkranz, Linda Cohen and Ellen Hickey. Award winners for the 1980 season were Susan Taves, Unsung Hero, Ann Rosenkranz, MVP, and Kathy Haigis, MIP.

1980 JUNIOR VARSITY SOFTBALL TEAM

Under the guidance of Coach Mary Leavitt, the Varsity Softball team fielded a winning season with a final record of 10 wins and 8 losses. Led by co-captains Robin Ryan and Linda Shohan, the team made local headlines after several games, once by playing a team that included a boy and again by defeating league leading Braintree. Natick's victory halted Braintree's 38 game winning streak.

Pitchers Jane Benson and Caryn Glazer hurled the team to victory. Robin Ryan completed the other half of the battery. Senior co-captain Linda Shohan was chosen MVP and was also a choice for the Bay State League all star team and the Globe All-Scholastics. Junior Vicki Bernstein was picked as the Most Improved Player on the team. Seniors Leigh Eckert and Beth Trifero also made outstanding contributions to the team.

The 1980 Boys' Tennis Team finished with a record of 13 wins and 5 losses. This was the best record of any Natick team during the 1979-80 sports seasons. By virtue of this record, Natick tied for third place in the Bay State League and qualified as one of sixteen teams in the state team tourney. The success of the team was due in large part to senior co-captains, Gary Davidson and Jeff Yarckin. Gary capped a fine three year career by being selected — for the third time — as an BSL all-star and was the unanimous choice for team MVP. Jeff won all but two of his matches and was selected by his team as the most improved player. Highlight of the season was a 4 to 1 victory over Needham, a team Natick had not defeated in twelve years. That victory alone made the 1980 season one that Coach Crow will long remember.

# PIERRE SALINGER VISITS N.H.S.

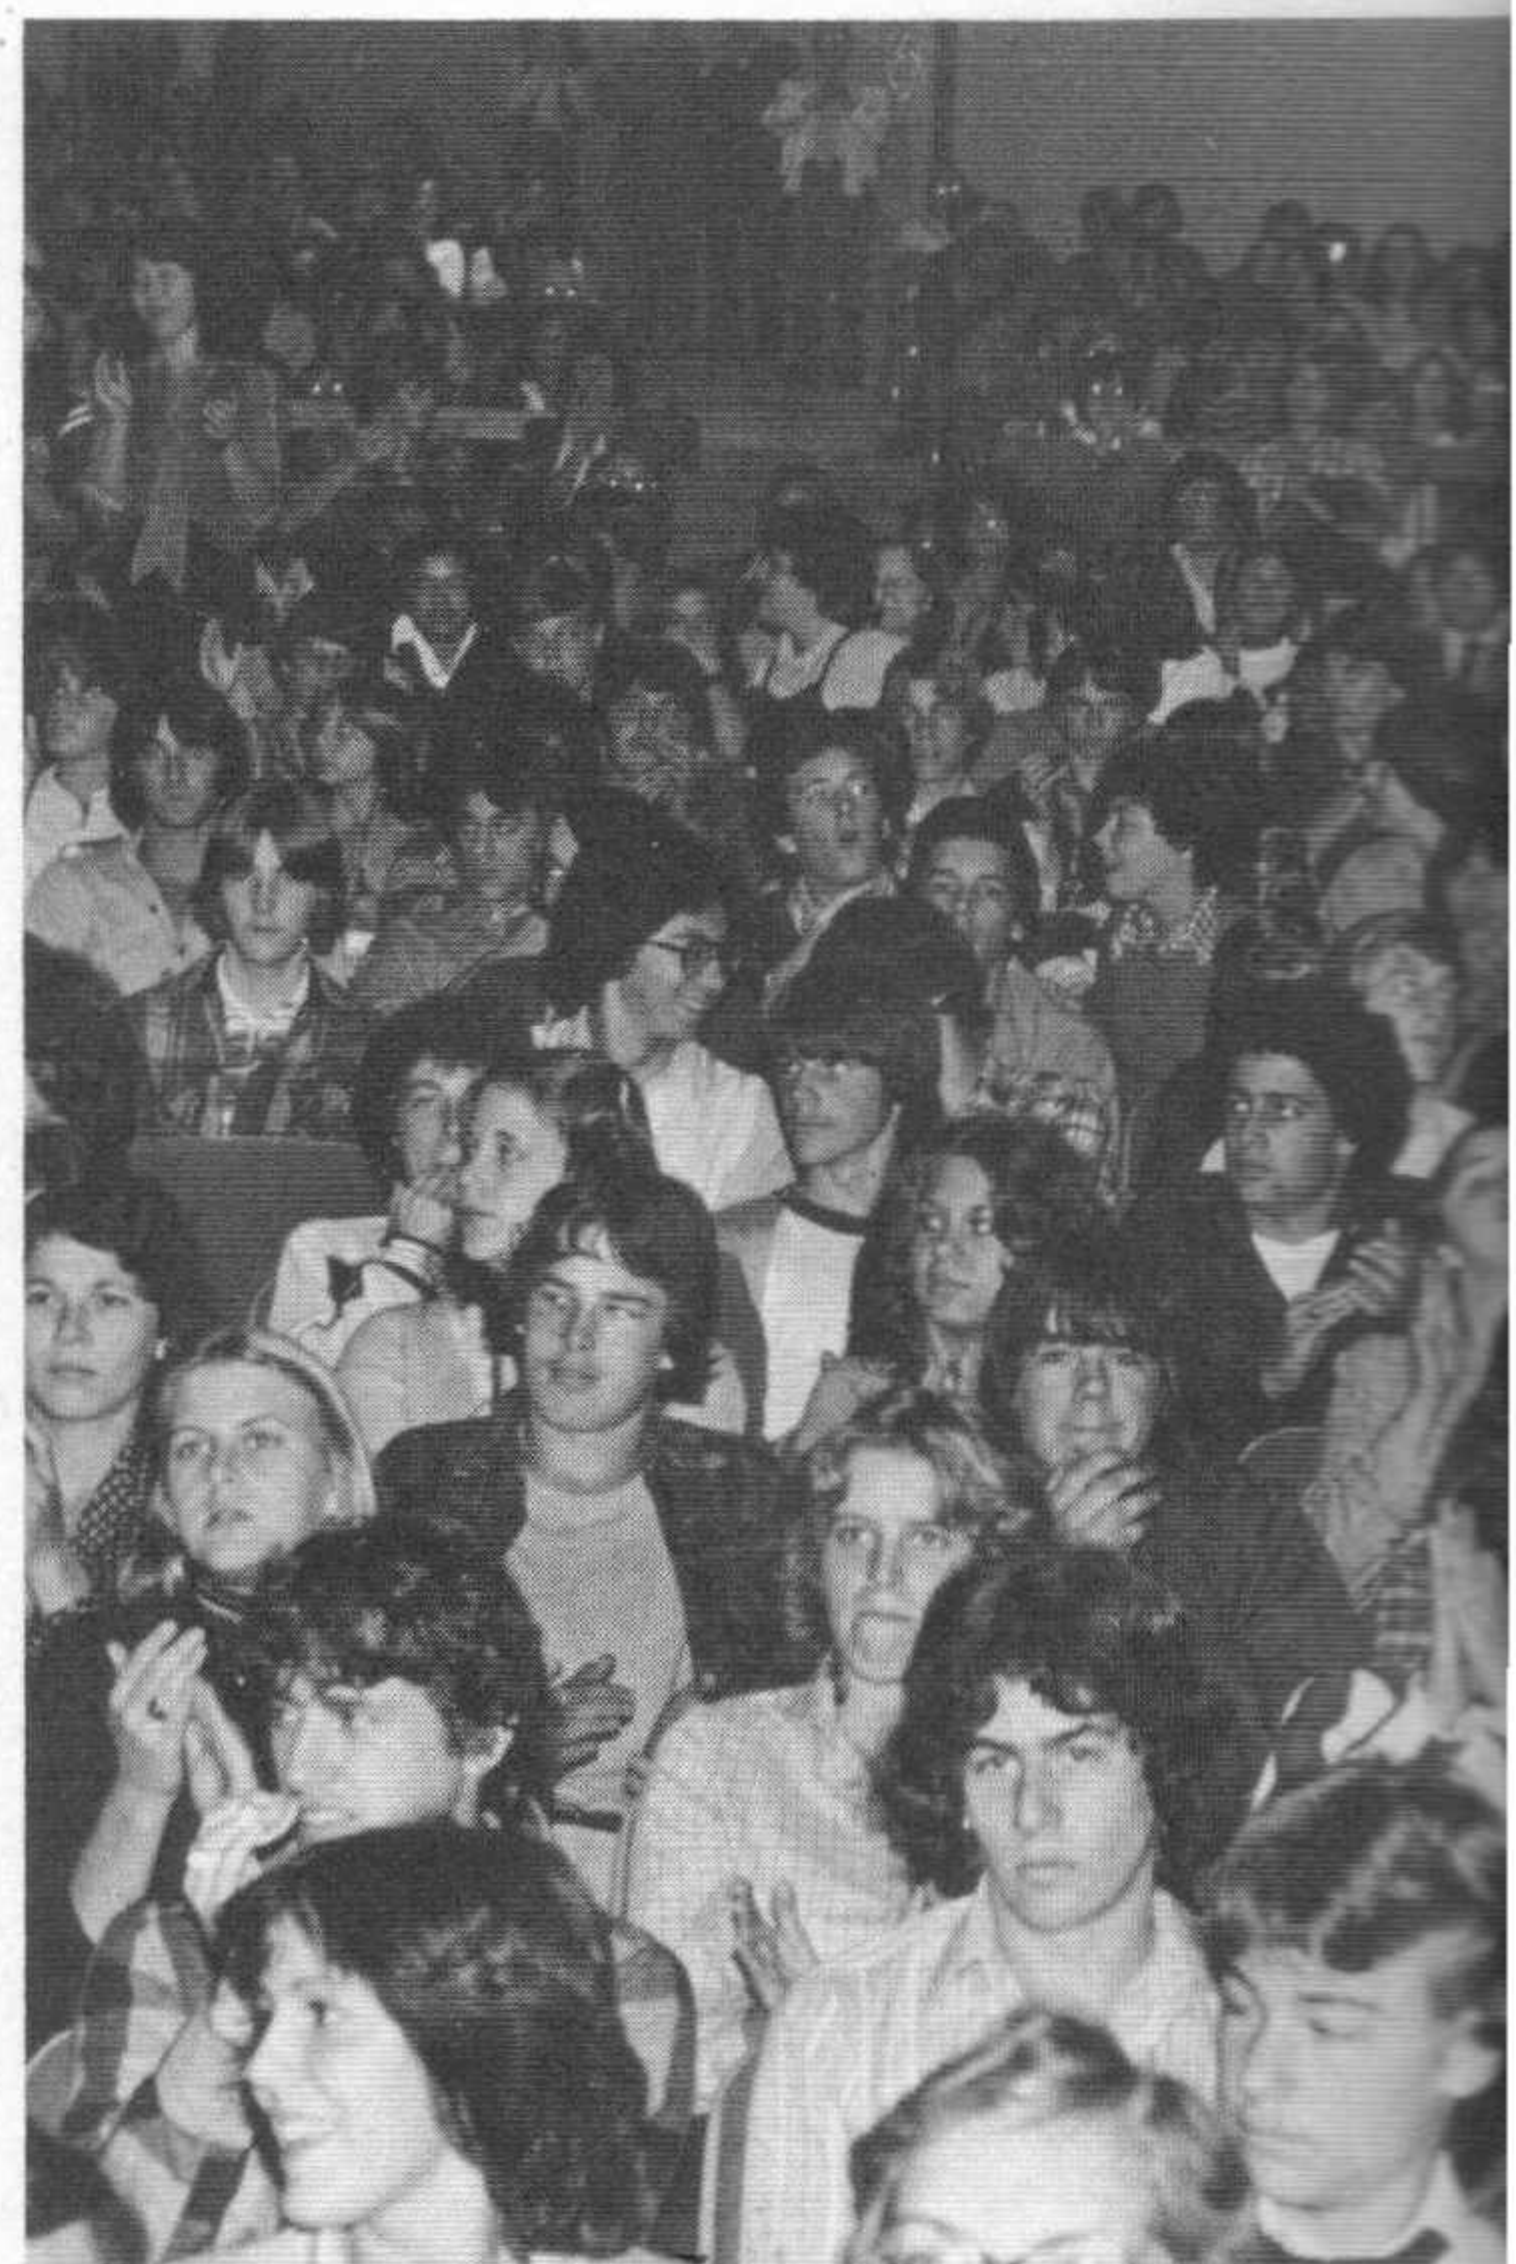

He had them laughing uproariously one minute, almost moved to tears the next. For 45 minutes 1,500 students with eyes riveted on the stage as Pierre Salinger, jovial former press secretary to the late president John F. Kennedy recounted the Kennedy years. He evoked laughter with his tales of one of his blunders and his pranks. Salinger, only 35 when he went to the White House, was one of the young people from outside the Realms of Government and Politics who JFK brought with him to Washington. As press secretary he met with the Nation's 35th President four to five times each day, and he preceded the President on foreign trips to prepare the way for Kennedy. Salinger met with a smaller group of Natick students chosen by lottery to discuss the current political climate and tell a few more anecdotes. The students wanted to know his feelings about SALT, the current Cuban situation and Ted Kennedy. Ellen Robertson, chairman of the Social Studies department and coordinator of Salinger's visit to Natick High, said she almost went through the ceiling when she found out he would be speaking at the school. Salinger didn't disappoint her. The whole student body gave him a two minute standing ovation and students chosen for the smaller group lingered until they were forced to leave. It was a History lesson they say they'll never forget.

Approximately 600 students took advantage of the Natick High School Industrial and Related Career Fair held in the Education Conference Room on February 5, 6, and 7. The fair sponsored by the Industrial Arts, Business, and Guidance Departments, gave students the opportunity to talk to business industry, and professional people first hand. Another possibility being looked at is a "Job Fair" for seniors enabling them to see what they face in the job market after high school.

CAN  
CANCAN  
CANCAN  
CAN

The annual all school musical Can-Can was a smash hit! Gerald Dyer, the director, did a wonderful job of making this production a performance of professional quality. Karen Burgman, the musical director, made the musical numbers shine and put together a beautiful sounding band and chorus. Kimberly Herosian was absolutely stunning in her portrayal of Pistache. Her singing left the audience begging for more. As Aristide Forestier, the romantic lead, Ben Morse was suave and romantic. Allen Ball, portaying Boris Adzinidzinadze, was hilarious! His comic acting added a light hearted air to this production. Debralyn Press sparkling as the not so innocent Can-Can dancer Claudine, lit up the stage with her polished dancing. There was also a villian, Hilaire Jussac, portrayed smoothly by Andrew Crain who had the audience believing in him one hundred percent. Other featured performers included Glen Wright, Alan Davidson and Scott Katz as the artists, and Debbie Shapiro, and Lisa Johnson as their girlfriends. Dana Shrier was also a prominent character with her somewhat naughty portrayal of the artists model. She livined up the show quite a bit. If you missed Can-Can too bad! you missed a marvelous production filled with gorgeous costumes, lavish sets and multi-talented performers.

Billed as a show in process, from rehearsal to the final curtain, PEFFORMANCE '80 featured thirty-one students singing and dancing their way through the musical concept of putting together an elaborate review. The set consisted of billboard-size photographs revealing the performers in rehearsal. The show opened with a backstage glimpse of the pre-show director's warm-up. The musical numbers featured show business and self-awareness lyrics. A surprise feature was a previously unrehearsed number introduced midway through the second act catching the cast off guard and showing the Natick audience how a group of varied talented young people can be transformed into respectable performers.

The show was directed by Gerald Dyer and Margaret Hagemeister.

The show was a social and artistic success well-deserving the thirty-one roses that descended upon the cast.

Cathy Wasserman, 1980 Class President

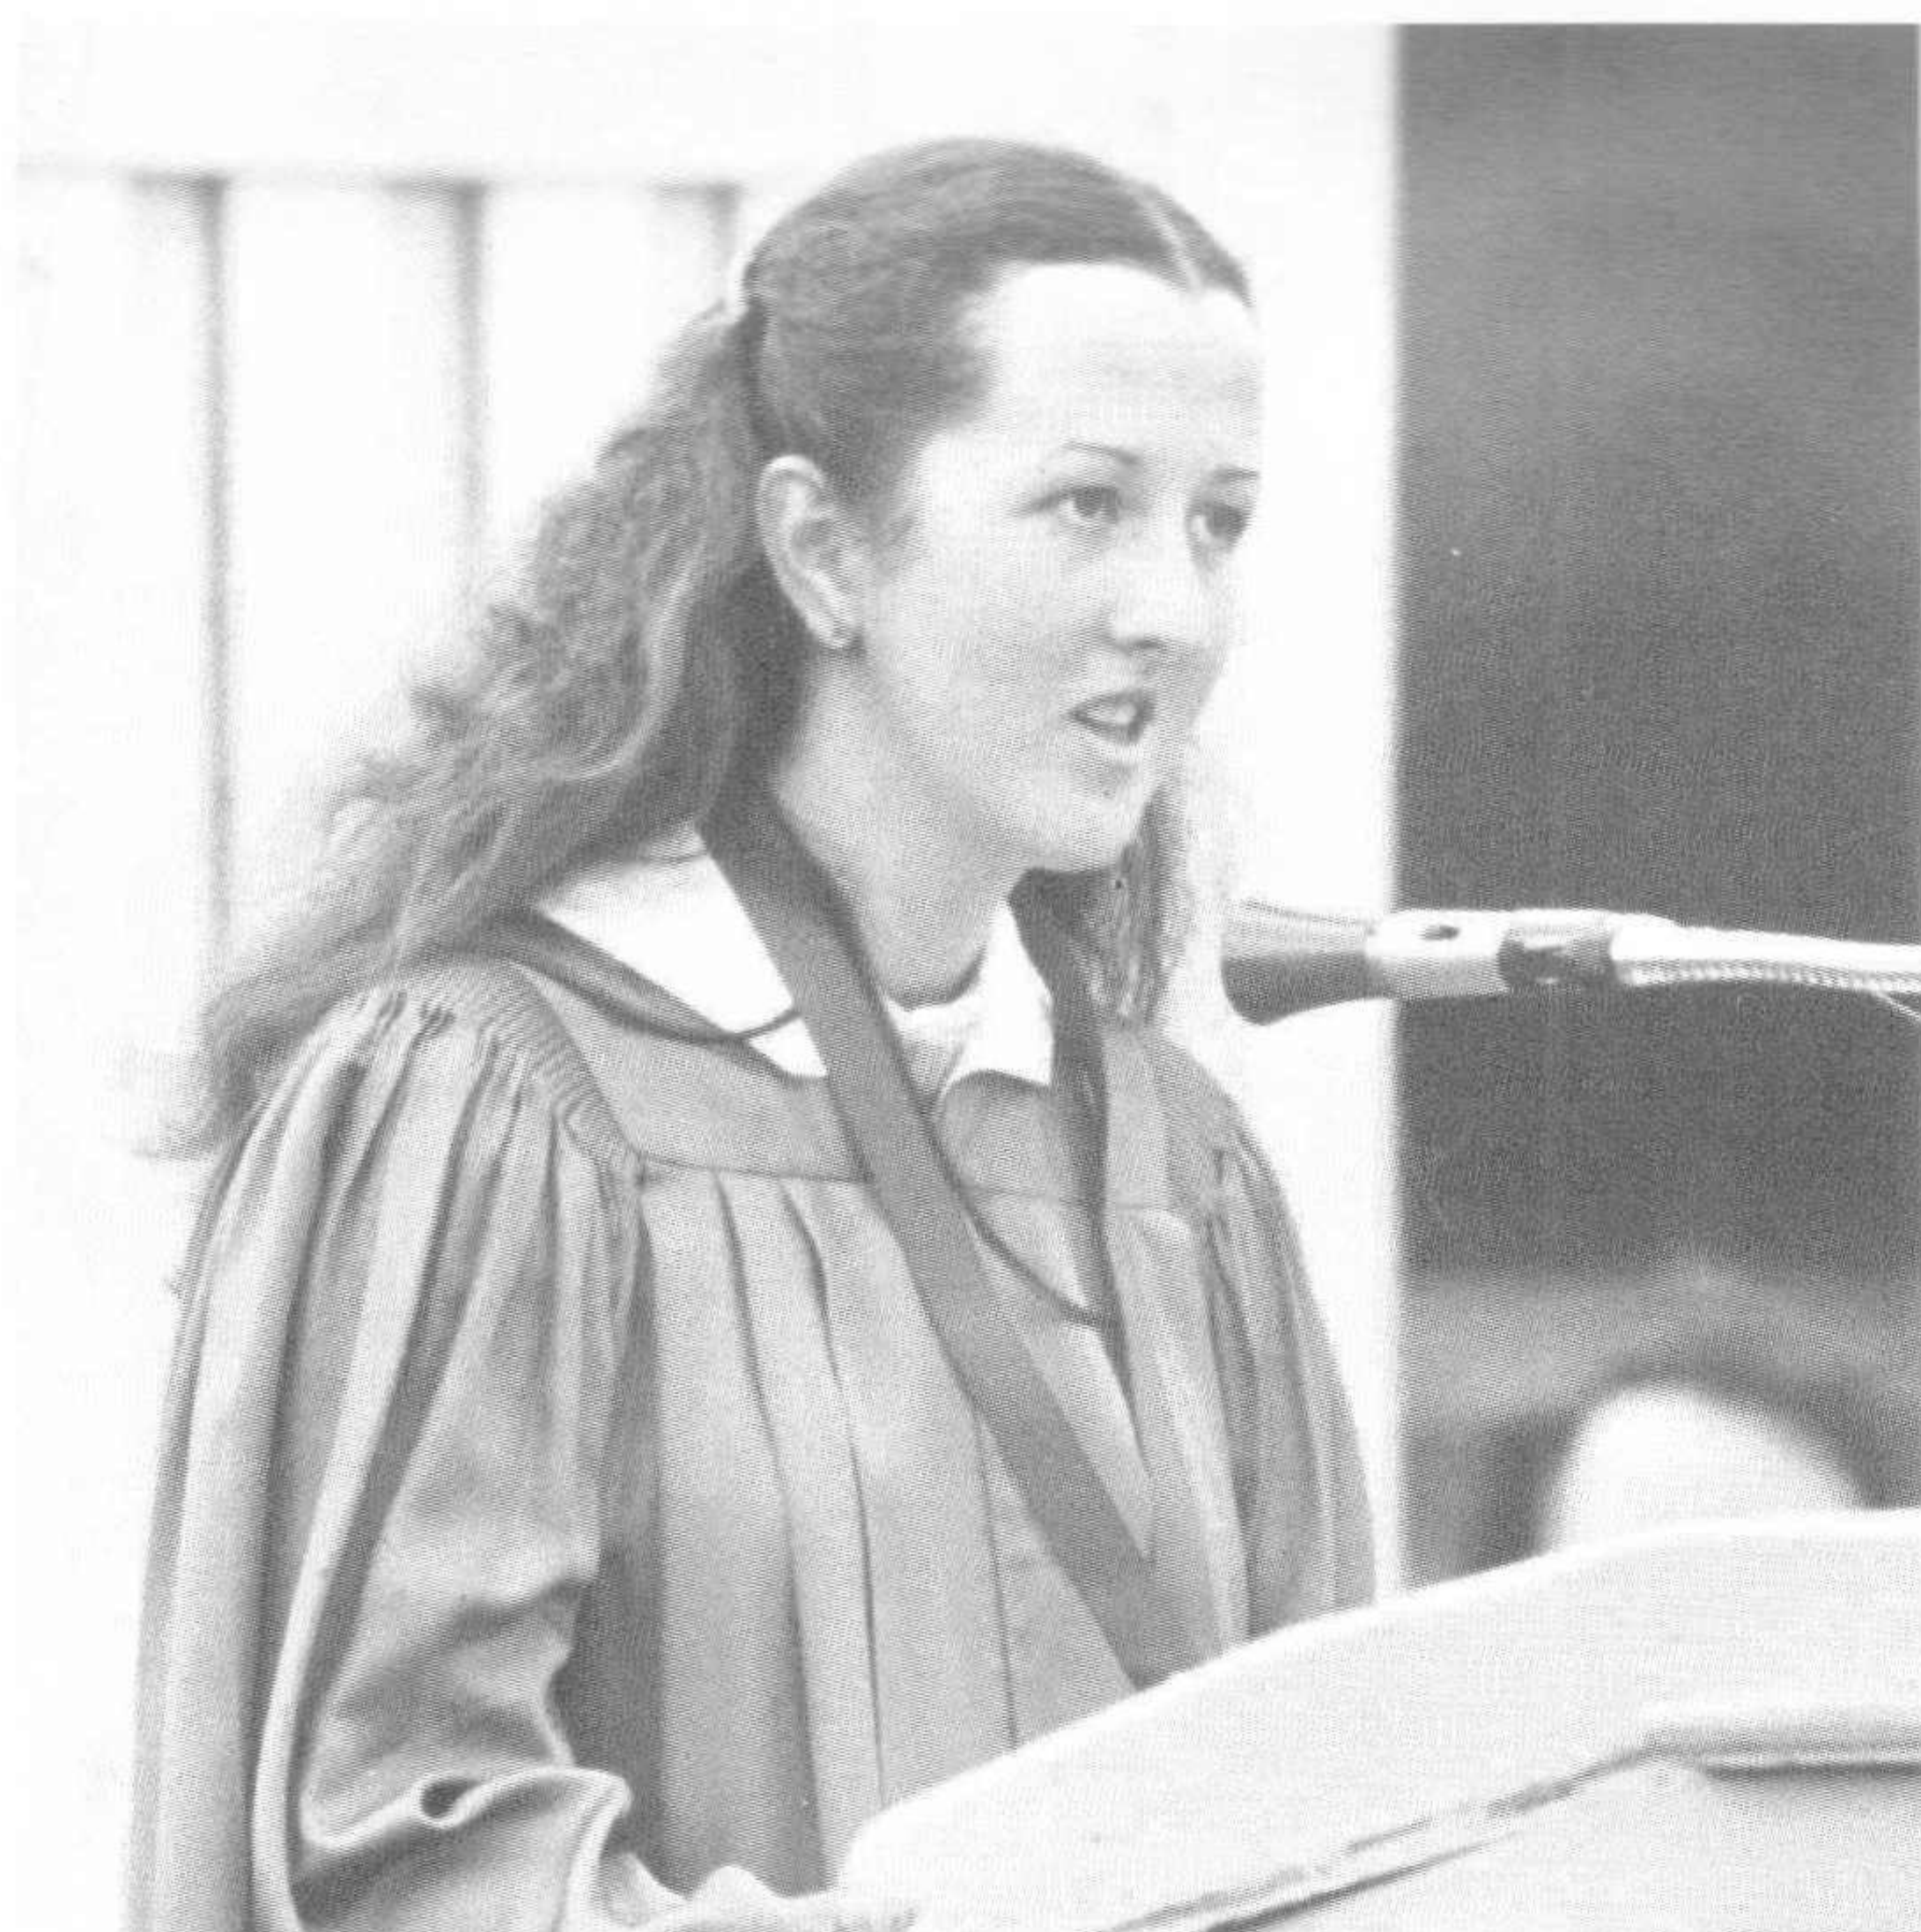

Mark H. Raider, Chairman of the School Committee

Joseph A. Keefe, Ed. D., Superintendent of Schools

Susan Cassedy, Senior Speaker

It is possible to define change as "Cause to become different; alter." Change — as high school seniors we are entering a time in our lives where change is most prevalent, where we can no longer hang on to where we are, where we must continue our journey and become part of the "big, bad, world".

Ever since junior high school, perhaps earlier, we've aimed towards this vast change in life, whether it be college, work, or the service. How many times have I heard people complain, "This town's so dull; there's nothing to do!" Graduation is your opportunity to change your life, to create a new one, fresh, exciting, challenging. Why, then, after waiting and planning, why do some of hold back? Where has our eagerness gone?

It's developed into routine, habit, comfortable friends, family ties. It's been pushed aside as we've tried to hold on to what we've got. After all we've reached the top; class president, football, captain, star of the show. We've achieved so much; we've learned to integrate binomials, analyze our dreams, mix chemicals without blowin' everyone up; we've learned to accept our teachers as being on our side and not label them as "the opposition"; we've learned how to be a friend, how to listen and know when to offer advice and when to keep our views to ourselves; we've learned how to trust others and learned the hard way how not to; we've learned so much in our educational years; We've each found our individual niche; why change not?

Because the time for change has arrived. For all that we've learned and achieved, absorbed and accomplished, there is that much more information waiting for us yet. It is time to rediscover ourselves as individuals, not just as part of a twosome, foursome, group, or clique. Change is an undeniable element of life, an element that we must accept for what it is; a new chance, a time to grow and experience.

Change should not be avoided. We've all seen the post-graduates who can't stay away from Natick High School, who continuously return to talk or just visit the "old gang", who just can't break the tie. Letting go of all of our familiarities is difficult; no one said that it would be other-

wise. And yet, as Alexandre Solzhenitsyn states in his novel **The First Circle**: "If one is forever cautious, can one remain a human being?"

How can we deny ourselves this opportunity of change? How can we allow ourselves to be cautious? How can we avoid the opportunity for new achievements, new accomplishments, new experiences?

Although it is difficult to say goodbye, you'll never lose touch with your true friends. Although we leave Natick High School after our three years we still have our memories — assigned studies, 25¢ tray deposits, smoking area explosions, and all of the good times with friends both tearful and rowdie. And so, armed with these memories, fortified by the well wishes of all of your relatives, friends, and teachers, strengthened by your own individuality, stand up to this change; accept it for what it is, make the most of it, and move on. We only have one life and we must take everything that is offered us, every new chance, every new opportunity.

Change — the time has arrived.

# class history

When we, the class of 1980, entered Natick High in the fall of 1977, there were plenty of "worldly wise" seniors ready to greet us with elevator passes and directions to the pool. Now that we stand as "worldly wise" seniors, hopefully we realize that in our three years at Natick High we created a history unique and distinguished.

Early in our existence as the class of 1980, we sought to elect responsible class officers. Under the leadership and guidance of Allison Smith, David Marchetti, Cathy Wasserman, Kathy Haigas, Karen Murray and Jim Crisafulli, we embarked upon the difficult road of organizing various executive board activities. Concerning financial matters, class revenues were increased by numerous methods, among these were dues drives, bake sales, the Homecoming Dance and a Spring Dance featuring the Bobby Watson Band. The officers also undertook and successfully completed the task of organizing the Jr. Prom and Senior Reception.

It would be impossible to expect one student group to organize the many activities that take place within a large school. Student Council, one of the many high school organizations, could best be noted for its remarkable turnaround from apathy to eager participation, during our tenure. The Student Council Officers were Tim Adams, Nicole Dowling, Dan Falby, Wendy Weagle and Ann Schellenberg, and they were advised by Miss Gale Dodge. Student Council served the needs of the local and international community. Special note should be made of the March 1980 blood-drive, when 96 pints of blood were donated. On the international level, Student Council in conjunction with the Social Studies Department, faculty and the student body raised over \$1800.00 on behalf of the Cambodian refugees. In keeping with the Student Council tradition of giving scholarships to deserving seniors, a successful dance with the band Lorelei was held in order to provide the necessary funding.

The depth of participation in student government went far beyond that of the Executive Board and the Student Council.

In April 1979, during our junior year Allison Smith and alternate David Marchetti were chosen by the class to represent NHS on Student Government Day. Elected to Girls State were Virginia Brack and Allison Smith, while David Marchetti, Don Cassidy and Phil Sanfillipo represented us Boys State. Tim Adams and Martin Alintuck were elected to

the positions of Student Representative to the School Committee and Student Representative to the State Board of Education respectively. Making up the Student Advisory Board to the School Committee were Lawrence Aube, Nicole Dowling, Tim Adams, and Martin Alintuck. The class of 1980 certainly had its share of outstanding individuals deserving of recognition for their achievements. Joe Emmanuelli spent his junior summer in Panama as an AFS student. The Amigas de las Americas program sent Virginia Brack to Honduras and Rachel Berkowitz to the Dominican Republic. Capturing the National Merit Scholarship was Mandi Zaltas, given for her Academic excellence. Peter Quigley served an executive internship at Needham High School for the second semester of his senior year, and Andy Crain and his trumpet toured France with Massachusetts Youth Wind Ensemble.

When we entered our senior year we were overwhelmed by drastic changes in school policy, that leaned heavily toward the conservative side. The Sassamon News Magazine graphically demonstrated the change in school policy. A cartoon of a whip wielding teacher forcing a study hall study back into his seat appeared on the front cover. Natick High once again had mandatory study halls. The cafeteria also joined the conservative band wagon by increasing the tray deposit from 10¢ to 25¢. This, however, motivated students to bring their trash to the dumpster, eliminating the need for Cafeteria Marshals.

With these two changes taking place, the seniors were also struck with the reality that there would be no senior lounge. As a result, the seniors banded together and in an attempt to balance the scale, they proposed no senior finals for the second semester. There were two provisos: minimal absences and an A-average. The proposal was accepted and many seniors took advantage of this. In the spring of our senior year, a court battle waged over the constitutionality of mandatory prayer practice in school. The attempt to bring back mandatory prayer to public schools was a continuation of the conservative trend.

Natick High School received strong participation from the Class of 1980 in all activities, including: Drama, Speech, Sassamon Yearbook, and the Sassamon News Magazine. The Drama productions of the Musical "Can Can" and the All School Show "Performance '80" were successful, due to the superb directing of Mrs. Karen Bergmann, Miss Margaret Hagemeister and Mr. Gerald Dyer. Mr. Dyer not only

worked wonders with the school drama productions, but also with the speech team. Through the time and effort of Mr. Dyer, the Speech Team reached the pinnacle of State Champions for 1980.

First year advisor, Ms. Jane Rogers, placed second for best overall yearbook design in the New England Scholastic Press Association awards. This year's yearbook editors were seniors Brenda Wilcox and Erica Lindgren. The Sassamon News Magazine, led by editors Lisa Cyr and Jinny Brack, made tremendous headway this year by receiving a \$20,000 grant for type-setting equipment. In our senior year we witnessed the creation of a National Art Honor Society to recognize the artistically talented students at Natick High.

Our athletic teams excelled in all facets of competition during our years at Natick High. The football team played its first night game ever this school year as portable lights were brought to Memorial Field. Amid the downpour, cold temperatures and chilling winds, the intensity of a renewed school spirit was exemplified by the attendance of the fans until the game's end.

The fall sports also welcomed a new entry into its ranks — golf. The boys swim team compiled its best record at 8-1, beating our rival Wellesley for the first time. Our girls volleyball team made its television debut in the fall of 1980. Channel Five filmed a very important league game between Natick and Braintree. Though the girls volleyball team lost, they found revenge in the spring when the softball team ended Braintree's 40 game winning streak. The cheerleaders also enjoyed the limelight of television by appearing on TV Five's "Good Day Show" as guides by Show Dogs.

In winter sports, the hockey team competed for its fourth consecutive year in the Eastern Mass. Hockey Tournament. Our girl's gymnastics team sported its best record ever at 5-4.

In Spring sports, the boys tennis team qualified for the State Tournament, only to bow to the New England Champs, Framingham North. It was the second consecutive year for the boys to reach the post-season tournament. This year, the baseball team travelled to Cooperstown, New York on its annual spring road trip, instead of travelling to Annapolis as in previous years. The girls tennis team had its best record ever at 10-8. Kathy Haigis deserves special recognition for completing the 26 mile Boston Marathon.

There were some events during our years at Natick High

that effected, not only the school community, but the local, national and international community as well: they were, the Blizzard of '78, the Pope's visit to America, Pierre Salinger's day at NHS, the Russian Olympic skaters at the local rink, the dramatic 4-3 victory of the U.S. Olympic Hockey Team, over the Russians and of course, the Mt. St. Helen's volcano.

Our senior year also found us suddenly caught up in the crazes of the 80's. The new fashions that swarmed the halls of NHS were backpacks, the "preppie look," Frye boots, and designer jeans. Seniors were tuned into New Wave and by the spring of 1980 were tuned out of school work. All of these fads were incorporated into our lives along with the traditional gatherings at South Street and Sassamon.

Spring brought forth warm weather, seniors flocking into the inner courtyard with frisbees and an epidemic of that well-known disease senioritis. When senioritis struck, the school year came abruptly to an end, and as the number of school days left swindled, the senior pranks multiplied. Although there were no major or outstanding pranks, the class of 1980 will long be remembered for producing a record-breaking senior skip day with 777 absentees. The final day of classes caused a massive swarm of water balloons, firecrackers, and squirtguns, and we're sure the library deeply appreciated the many showers it received. They will not forget that famous cry, "Duck Mrs. Martin, another water balloon"!, for the library will never be the same again.

At this time, we would like to recognize the time and effort of our class advisors, Mrs. Langley and Mr. Craig. Without their patience and guidance the class of 1980 would never have blossomed into graduating seniors. As the history of the class of 1980 comes to an end, so do our years at Natick High School. In closing, we would like to leave you with a quote from Rod McKevn:

"No matter where we are  
We shouldn't stop thinking  
That we are just a day away  
From where we want to be.  
We shall look upon yesterday,  
But more than this, we shall  
strive for a better tomorrow."

[illegible]

Back in September, none of us realized what we were getting into. With minimal experience and a tough act to follow, we plunged into the world of copy and layout, searching for new ideas, and new innovations for our Yearbook. When we finally emerged, and finished in July, we had come a long way and learned a great deal.

Thanks to Mr. Rosen for the ever-present patience and willingness to listen that he exhibited. His attitude is an asset to every club and organization in the school. To Mr. Talbot, Wendell and Jim from Westwood Studios, thank you for all your work. Also, thanks to our Hunter Representative, Mr. Swiech, and to Mr. Buduo, of our own Graphics department.

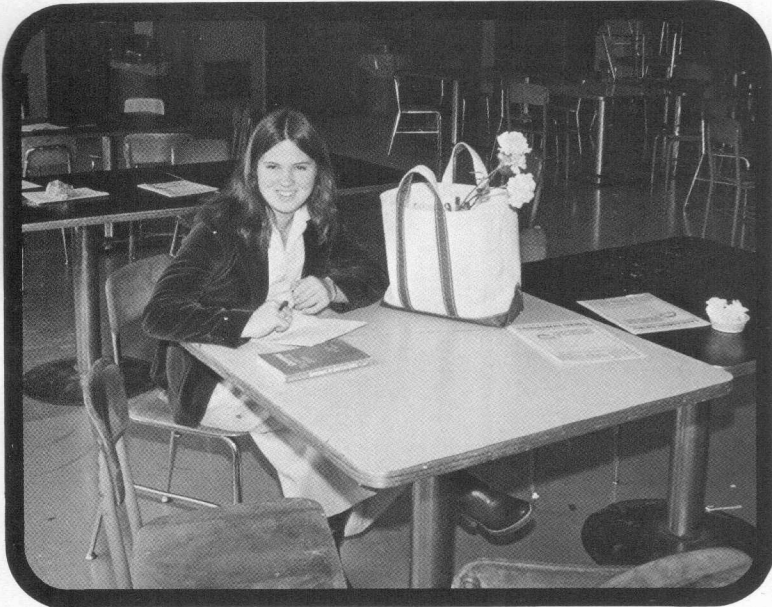

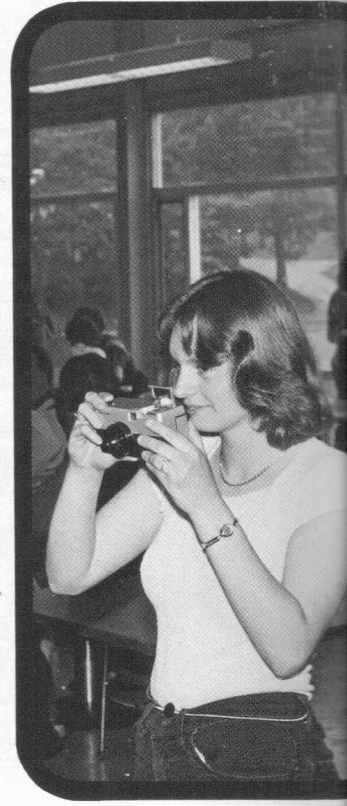

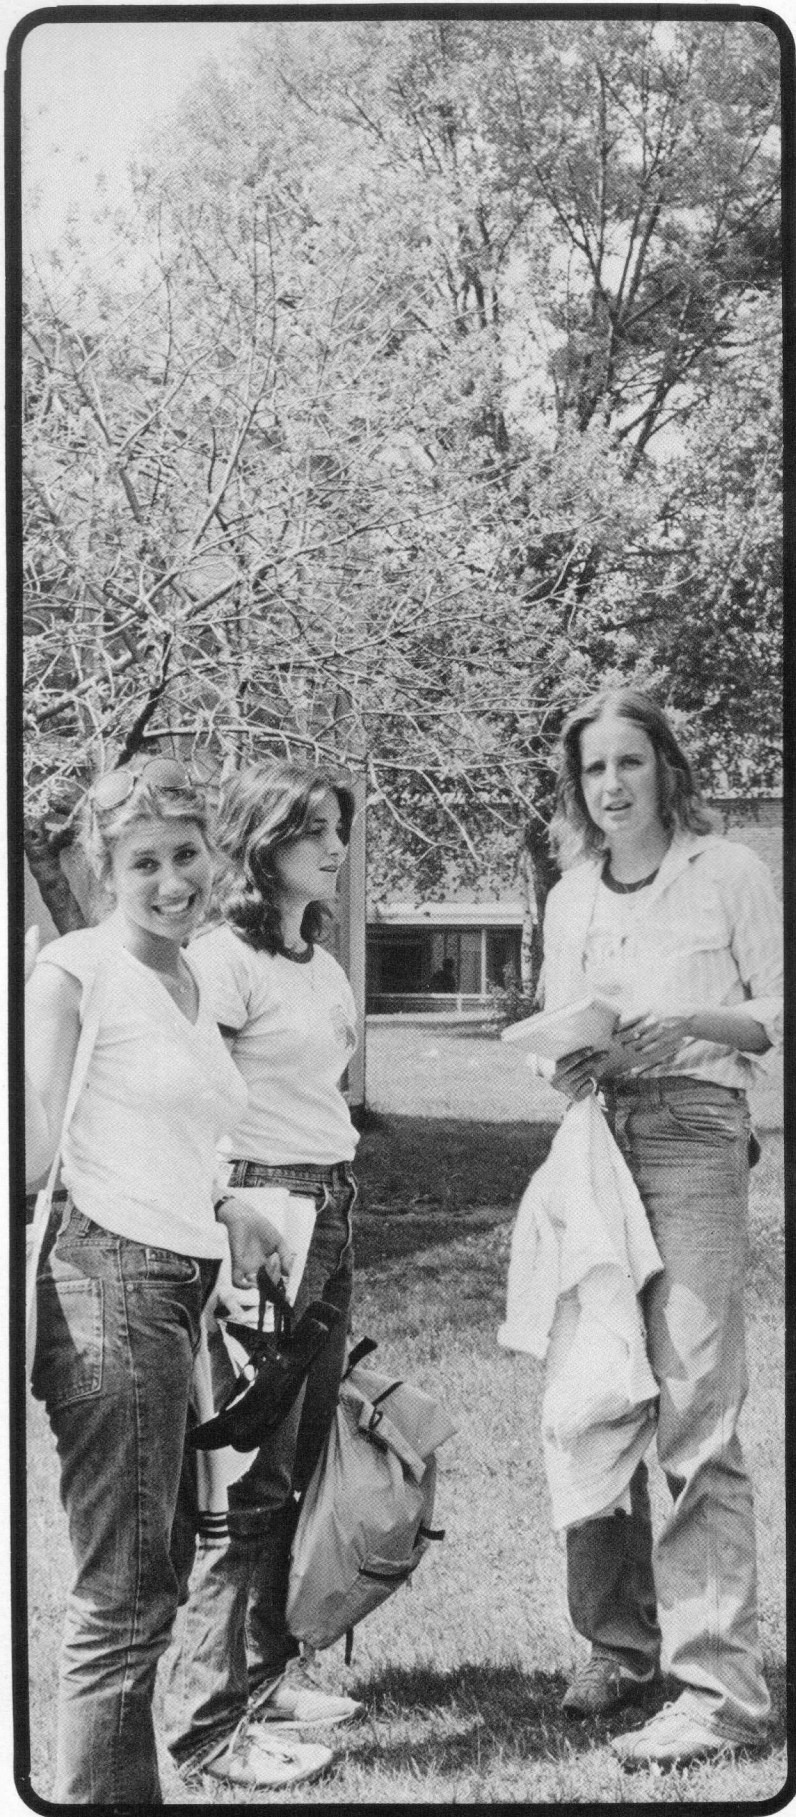

To our advisor, Ms. Rogers, thanks for the knowledge, patience, time, and effort she gave us all year long. Quiche will never be the same without her? We all wish her the best of luck.

To all the staff, a very special thank you for all the work that went into this Yearbook. Through "Quaz" and "Awesome", ticketbooth duty and bakesales, sewing stockings and gluing glitter, untimely trips to Maine and even mono, we did prevail. A very special thanks to Mark and Sue for following through to the end, and to Steve, whose organization we couldn't have done without. Also, thanks to the unrecognized but reliable J period. This is it, our finished product, the result of eleven long months.

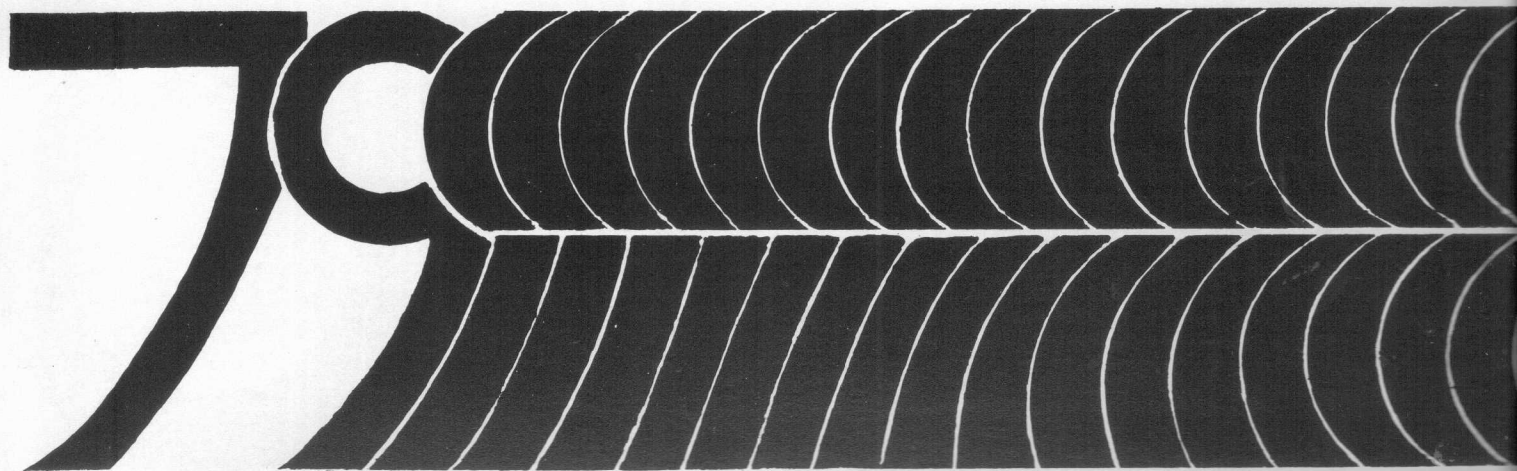

Good luck to all.

It's hard to believe that this is probably the last day I'll spend looking over layouts. The school year flew by along with the deadlines. (which we met on time!) Somehow I thought that this 1980 yearbook would be a snap, now that I had experience behind me! No way, even though this staff put an enormous amount of energy into creating and compiling the yearbook, it's the little extras that few notice that take the most time.

First, I'd like to thank Brenda and Erica for being responsible and dedicated editors throughout the year, a job well done girls. Steve, thanks for handling the financial aspects so well, you can balance my checkbook anytime. And to Joyce, Gerri, and Stacy for their "J" period jokes, not their stockings!!

Although most of the staff promised loyalty to layouts, only a few people gave up a part of their summer sun to work on the final pages and loose ends. A Special, Grateful-THANKS to Ink, Sue, Brenda, Steve and especially to Mark. Remember the soaps, pizza and cheesecake over last minute captions and copy! We are free to go to the beach at last!!

The Future is Yours Class of 80 . . . Enjoy  
Ms. Jane Rogers
